## VIAL OF LIFE PROGRAM

The Vial of Life is a community-based program started by the VON that has expanded province wide through initiatives such as the Seniors' Safety Program. Vial of Life is a program that helps emergency personnel locate important medical details in the event of an emergency in the home.

A vial containing all important medical information is stored in the refrigerator and a sticker on the fridge door alerts emergency personnel that the vial is inside.

The Vial of Life is designed to speak for you when you can't speak for yourself. The vial contains important medical information that can assist emergency personnel in administering the proper medical treatment. This is a free of charge program.

## NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

With Christmas sneaking up on us fast many of you may be wondering what to get that special person. If they're a fan of humour and autobiographies this book is a great option: it's Seth Rogen's autobiography "**Yearbook**". I'll admit right up-front that I am a huge fan of this man's work, seeing every movie, TV show and almost everything he's done on YouTube. Most people know that Seth was born and raised in Vancouver, B.C. but some may not be aware of the fact that he signed up for a comedy workshop when he was only 12, co-wrote a draft for the movie "Superbad" (which was based on his real life experiences) when he was only 13 (what?! ) and was doing stand-up routines in comedy clubs when he was just 16, making him the family's main wage earner when

he co-starred on the TV series "Freaks and Geeks". The rest is, as they say, history; with multiple awards, over 20 movies (as writer, producer, actor or all), creating his own line of Cannabis products ("Houseplant" brand), pottery (no pun intended) and forming a charity with his wife (actress Lauren Miller-who he met when he worked on "Da Ali G Show", and she acted in a few of his movies too) that raises money, awareness and inspires change in how Alzheimers is perceived. It's called the "Hilarity For Charity" movement. This book is a very personal journey filled with over-the-top humour, including the worst summer camp experience imaginable, Seth's insights and experiences in Hollywood (one case in particular shines a light on an actor of colour who was a racist jerk to Seth, making anti-Semitic comments) and general

mayhem that made Seth who-and what he is today. It's easy for some people to just pass Seth Rogen off as a modern-day Cheech or Chong, but they would be extremely shortsighted and sadly mistaken as Seth Rogen is a master at his craft and literally wrote the book on millennial comedies, and now he can throw it at us (yuk yuk)...I know, leave the jokes to the professionals. This is a great read-and that's no joke.

## NORTHSIDE COMMUNITY NEWS/EVENTS

The Annual Santa Claus Parade is coming back to North Sydney. Many of the residents, young and old, are happy and looking forward to seeing Santa and all the floats again this year.

The North Sydney Volunteer Fire Department announced it will sponsor a moving Santa Claus parade, scheduled for Saturday, Dec. 10 at 2:00 p.m. — the first community to announce its plans for a festive, float-filled event.

The entries will line up on Blowers Street and will follow the traditional parade route through town: Pierce to Regent to Queen/Commercial and back to Blowers,”

North Sydney Fire Chief Lloyd MacIntosh says he is looking forward to holding the parade again for all the children of the Northside area.

This will be the first parade held in the community since 2019, as the COVID-19 pandemic forced the fire department to cancel the 2020 and 2021 parades for safety reasons.

It will be great to see the parade in downtown North Sydney again after COVID and Hurricane Fiona cancelled many events. We'll keep you updated on any related events in upcoming issues until parade date of December 10th.

## St. Andrew's Church – Fall Ceilidh

Well usually this time of year the weather is getting colder and we are all to be inside, but boy what great weather we are having. Well no matter what the weather is like, the folks at St. Andrew's are putting off a Fall Ceilidh with the group Chalk Dust on Friday, November 18<sup>th</sup> in the church hall.

Thinking back to early February in 2020, I remember Chalk Dust was playing and we had a nice crowd enjoying the music and entertainment. Then the next day we were all asked to Stay Home due to Covid had taken over everyone's lives. That was two years ago recalls Rita Johnston of St. Andrew's. I recall it was a great night when Chalk Dust performed, our church hall was packed and everyone was really getting into the mood. There was a special visit by Archie Alex of Mabou, a character that was made up by Jimmie Campbell, one of the Band Members. Archie Alex had everyone laughing out loud. Then we had tea, coffee, fudge, cookies for sale, all for a dollar and everyone loved it.

Now that Covid is eased but not gone away, St. Andrew's decided it was time to bring back this wonderful group to have a Fall Ceilidh to put a little enjoyment in everyone's life before the cold winter weather sets in. So on Friday, November 18, 2022 at 7:00 p.m. St. Andrew's will again be having a night of music and entertainment with Chalk Dust. This band is made up of teachers and retired teachers and they are Ian MacDonald, Roy Dawson, Jimmie Campbell and Jennifer MacDonald. They sing everything from Rock and Roll to old time Country hits. During the concert there will be tea, coffee, cookies, water and more for sale at the low price of \$1.00

So if you need a night to relax and enjoy yourself, then St. Andrew's is the place you will want to be. Bring a friend or bring the whole family. Admission is just a Free Will Offering at the door in support of our ongoing roof fund. So mark your calendars for Friday, November 18, at 7:00 p.m. at St. Andrew's for a night of good music and entertainment. You never know who you will meet there. See you then.

## 'Skylight' - by Ron Gillis

While working at The Newfoundland, Labrador Postal Terminal in North Sydney, NS during the mid eighties, as a part time mail handler, one of my job descriptions was a fork lift driver. One particular day shift in the early fall I was unloading a trailer of collapsible wire containers used for transporting mail to and from Newfoundland and Labrador. They were stacked eight high.

I proceeded to remove the ones situated at the back of the trailer without difficulty, but as I moved deeper in the trailer the unexpected happened. In order to remove the remaining containers I had to split them in this manner, top four then bottom four. In the process of doing this maneuver I raised the forks too high, with a resounding crack the roof let go like a open sardine can. Daylight flooded the rocking trailer with me almost obliterated by dust.

The full time crew who were on their break in the adjoining lunch room hearing the deafening noise came running out. Quickly taking in the scene one of my co workers quipped, Oh Look! Ronnie has created a Skylight. A bit unnerved, I continued to unload the rest of the trailer without further incident.
