**NEW DECOMPRESSION TABLE RELIEVES PAIN**

Darren Strong from Strong Chiropractic, announces  
a new, sophisticated computerized decompression  
table that allows the spine to be gently stretched and  
relaxed for spinal decompression therapy.

The pattern of alternating pulling and  
relaxing creates vacuum-like pressure  
which allows disc material that was  
herniated or protruded to be pulled  
back in the disc over time.

Patients will notice a reduction of their  
pain during these treatment sessions. Stop  
in today and ask about the new  
table and how you can benefit.

## BIRTHDAY WISHES

We are pleased to announce the birth of our son in the town of Bethlehem on a cool and crisp December 25th.

He is the son of God, Joseph of Nazareth and Mary is his mother.

Both mother and son are doing exceptionally well and He was attended by several visitors "from away" who came bearing gifts for the infant.

The family is expected to return to their city of residence and Joseph will assume his duties as a carpenter.

## CELTIC CHRISTMAS

People like myself who always went out to celebrate New Year's Eve won't be doing so this year, but if you're looking for something to ring in the new year, why not something old: since December 9<sup>th</sup> of 1960 British television viewers have been enchanted by the day-to-day lives of the residents of Weatherfield's Coronation Street and the Rovers Return. The history of the show's birth-and almost early death is detailed in the drama **"The Road To Coronation Street"**. This 2010 made-for-television feature follows the story of 22 year old upstart actor Tony Warren who never wanted to be a writer, but became one at the last minute to get a job with Granada Studios in Manchester, England. "Corrie" fans can thank a Canuck named Harry Elton for first supporting Tony's idea of a TV program about average folks in the Manchester area. The network big wigs wanted to cancel it after the first pilot was produced, and how Harry kept the show on was pretty much ingenious, detailed here in living colour. Most "Corrie" fans know that since Day 1 there's been a steady presence on the show-Ken Barlow (played by William Roche, who was 28 years old at the time of the first show-and now holds the record for being the longest serving male television star

in a continuous role). I was going to say coincidentally, but it's more by design that in this feature the role of Ken Barlow is played by William Roche's actual son, William James Roche-who also had parts on the real "Coronation Street".

This feature was written by Daran Little, an archivist/scriptwriter for the actual series-so who better to tell the story than an insider. The drama reached a peak audience of 852,000 viewers on its first transmission, making it the second most popular program in BBC Four's history, next to 2008's "The Curse of Steptoe", and was also described as "fond, warm and charming" by the critics.

Another great thing about this DVD is that it not only shows us how "Coronation Street" came to be, it also has the original 1960 show included as a bonus feature, complete with that 'almost sorrowful' theme song that we've all come to love. You may be able to stream or download this program-I found a free loaner copy at the Cape Breton Regional Library. Stay safe, wear a mask-and Happy New Year!
