TAIL LIGHT ASSEMBLY
DOG LEGS
WHEEL ARCHES AND LINERS
SHOCK TOWERS
FILLER CAP DOOR

Unlike the conventional methods of rust proofing which tend to work as coating, a KROWN treatment actually displaces moisture and creeps into the inner metal fold of the vehicle - the areas where the most rust problems start. The KROWN formula remains active as an invisible barrier to repel moisture and salt and prevent it from re-entering the metal. The KROWN product can be applied in any season and weather.

NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces
a new, sophisticated computerized decompression
table that allows the spine to be gently stretched and
relaxed for spinal decompression therapy.

The pattern of alternating pulling and
relaxing creates vacuum-like pressure
which allows disc material that was
herniated or protruded to be pulled
back in the disc over time.

Patients will notice a reduction of their
pain during these treatment sessions. Stop
in today and ask about the new
table and how you can benefit.

AROUND THE TOWN

I wish to say a very special Thank You to the North Sydney Fire Hall for hosting our **K-LEE RADIO's** 11th Anniversary Show and to all those who showed up and won the prizes - myself and co-host **Jack Cool** had a lot of fun hosting the show and thank you to all who came to the table and wished us well in the upcoming year - we appreciate your kind words - Incidentally, the show was recorded and is now available on our website - **www.kleeradio.com** - the show starts off with a half hour of Cape Breton and Celtic music followed by a half hour of Rock and Roll Oldies and then a half hour of country music and concluded with a half hour of Cape Breton and Celtic music - K-LEE RADIO broadcasts **24 hours daily** with its core music of Cape Breton and Celtic tunes, Jack Cool hosts **Late Nite Oldies** on K-LEE RADIO 2 and **Kenny Walsh** hosts Phantom Country on Sunday evenings from 6:00-8:00 pm.... **Happy Thanksgiving** to all our readers and you can check out the Thanksgiving Quiz on **Page 8** to see how much you know about Thanksgiving.... The **CBRM Election** is being held October 17 and this year there will be **no paper ballots** just telephone and internet voting - there seems to be some reluctance from some who say that they feel their vote choice **will be known** if done electronically but rest assured that this is not the case - the confidentiality of your vote is protected.... It was nice to see a new business open at the Wharf in Sydney - **Breton Air** flew helicopter flights to show its new equipment and heliport at the Sydney waterfront - it is in anticipation of a banner year next year with the cruise ships once the COVID epidemic is over....the North Sydney Minor Hockey Association first 50/50 Draw was **\$12,130**.... Things are starting to get back to normal with darts returning to the Legions and washer toss and music also starting up again - I was asked several times about the **seniors clubs** re-opening but I haven't had any updates from the local clubs yet... Check out **Paul Ratchford's** story about the Clifford Street Youth Center on **page 7** of this edition....and if you want to **transfer your videotapes** to DVDs, see Paul Power's ad on **page 5** and transfer them before they break or fade out.... **FREE PUBLICITY** - If your club is starting back with programs, send us the information and we'll publish it free of charge - email us your information at this address - thisweek@kleeradio.com Til Next Week - Happy Thanksgiving - **GLEN**

Chase The Ace returns on October 4th - Jackpot is \$36,000 and there are 33 cards remaining. Tickets are on sale now.

The North Sydney Minor Hockey 50/50 Draw - Last week's winner was Victor Lima and the amount was \$12,130. Thank you for your support.

Take 2 with PAUL POWER

If one were to survey Cape Breton's musical landscape of course you'd find lots of fiddles, bagpipes, Gaelic singers, etc but if you lifted the musical quilt that blankets our Island you'd find musicians that are playing jazz, classical, rock, alternative, folk and more eclectic music and a few who are not as easily defined - **Greg Verner** is such an artist. Greg is a surveyor by trade, learning piano as a child and being self-taught on guitar; he later moved to spending 30 years or so playing in well-known local bands such as Player, Sam Moon, Spyder and The Elements. Greg has 4 albums out and is currently working on a fifth; his first CD from 2001 ("Strange Curves and Angles") is definitely a cornucopia of musical styles; without describing every song on the CD, and for comparison's sake there's songs that remind me of The Little River Band ("Lula") and Blue Rodeo ("Destiny") but the whole album has an original sound and feel; funky overtones are on "Skate" and a four-part suite ("The Gyre") actually closes off the album. Greg wrote that his second album, "Here's A New Invention" has more Euro-elements in the mix; I can definitely hear a tinge of Sting on "Spinning A Web", "Loidie's Lavish Ling-Ling Lotion" and "Imitation" and "Bonfire" does have a Crowded House feel to it, and Greg mentioned as well that some of the songs do glide

along a Steely Dan-like path. "The Surveyor Who Came In From The Cold" is Greg's third album and the most polished of all sound-wise with over a dozen local musicians helping out. It kicks off with the song "Hingney Hie" which really reminds me of a Steely Dan track, and "Fixing Exeter" sounds so much like something Crowded House would do that it's uncanny. This is not at all to say that Greg doesn't have his own style, that's actually what makes these numbers so good - his individuality and flair for writing and recording great tracks that are worthy of the bands mentioned. Greg's most recent release is actually a collection of songs recorded over a 10 year period from 1990 to 2000, and remastered in 2020. Being an 'audiophile' I love the name; "The Lo-Fi Fringes of Wow and Flutter" is a limited edition CD with hints of rock, pop, jazz fusion and more. A portion of the proceeds are going to the SPCA as well. Greg's CD's are available locally at Atomic Records and Collectibles, as well as online at Greg's website gregverner.com and on AppleMusic.

**JACK COOL
K-LEE RADIO
DJ NEWS**

This week and next week I will be promoting some of the cast members of the upcoming fan film Voorhees, released this month October 31st, 2020. Here's the first

one - a couple weeks ago I had the pleasure of interviewing Dan Young who has been cast in the film as Blaine. To make a long story short, his character kind of guides the group to the camp. He is more so not one of the not so polite leader of the group. To hear my interview with Dan please go to [https://](https://www.mixcloud.com/jack_cool/christopher-gordon-scott-july-27-2020/)

www.mixcloud.com/jack_cool/dan-young-july-27-2020/

A few months ago I also had the pleasure of interviewing this cast member of the upcoming film Voorhees Christopher Gordon Scott. He is cast in the movie as Deputy Walker who is basically Deputy of the chief. Chief Knox who is kind of a sidekick who is kind of learning the

ropes, who is pretty much a newbie he's not from the area and basically the whole Voorhees Legend he doesn't know too much about it.

To find out more about my interview with Christopher Gordon Scott please listen to my interview @ https://www.mixcloud.com/jack_cool/christopher-gordon-scott-july-27-2020/

Mittens; more than a hand warmer...

Every year Clifford Street makes an appeal for seasonal clothing; boots, coats, socks, **mittens**, snow suits and the like, larger kids sizes preferred ~ and again we are looking for the same starting in late October when the snow will fly on occasion. [crazy carpets too!]

A special thanks; What do you call someone that listens without making faces, is not judgemental, will greet you at the door, even let you read a book to them ~ a good friend! And friends come in many forms throughout your life. At Clifford Street we have a friend of everyone, her name is Mittens [M'tens] the cat. Mittens came to us, reluctantly on her part, about a year after we opened over 12 years ago. She was living rough as a 'street kitty' in the Clifford Street area. Originally she was shy of people choosing to live under various derelict cars that littered the parking lot back then. Her favourite derelict car was an old Ford Aerostar mini-van [missing its front tires/door jammed open] ...it has lots of interior space but the entertainment value was something else... neighborhood kids would use the long slant nose windshield and hood as a sledding hill in the parking lot...[google it, perfect portable hill according to child engineers!] We tried to entice this cat away from the street living but she was slow to accept any help.

Eventually she lost all her fur, now naked, except for a golfball sized puff at the end of her tail. After some time she was starting to eat the cans of wet food we left out for her. Then she made her way to our doorstep/ we moved the cans closer lol. After a fashion she came inside the youth centre. We managed to get her to a vet /treatment and so it began.

The children attending Clifford Street noticed her large feet, in a differing color than the rest of her now returning fur, and decided to call her Mittens. This street kitty relished the attention paid on her by the children. She has taught some empathy, others kindness, endured some harsh handling and never became upset. She would sit with a child as the child stumbled through reading a book out loud to her. She would listen to their school/home/food security/holiday fears and always leave the child speaker feeling better for it. Children told her things that would make your hair curl, but M'tens can keep secrets. All she asks in return is the occasional belly rub, ear rub or kitty treat.

Covid & the cat. When covid hit we had to close the doors to the public. Mittens was used to us closing for two weeks twice a year; around back to school and at Christmas after our kiddy parties, but she was not prepared to be alone so long in the youth centre. We visited each day to feed her, change litter and say hello while checking the office out but she truly missed the interaction of 'her' kids. She was becoming depressed during covid. Every now and then she would sneak outside and the children, and adults would bring her back and toss her back inside hollering "M'tens got out".

Before you worry Mittens is still at Clifford Street!

She recovered from the abandonment, to her, and enjoyed a full busy summer after we reopened in late June. She enjoyed the summer grant workers and she attended the 'back to school' party we held. Then we closed again, as we do annually, for a week or two as back to school happens~ she became depressed again and stopped eating, was quite vocal and messed outside her litter area. We clued in and paid more attention to her, invited kiddies in to visit her while we were closed... and then we reopened and bam she is on the road to recovery again.

I read an article in last Saturdays Cape Breton Post on pet behaviour... she exhibited most of the symptoms of depression... and now I know, and so do those reading this! Separation anxiety occurs for pets when we go out of our homes, imagine if it you go from always loud / busy kid filled to almost zero.... We now have adjusted how we watch over M'tens when we close up for a day or two by the way. She is grateful for it. Message from Mittens; if you are feeling down take a walk, call a friend, or call the help line. [Mittens does not use the phone however, she does like email as she walks all over the keyboards when you attempt to type]

So why the article on Mittens? Well she was a special case. She came off the streets in horrible physical health, she adopted a massive child rich family for over a decade, and she continues to revel in the attention paid to her. She is our **number one volunteer**, and a heck of a mouser! [She brings a gift every now and then, usually deceased] She is a metaphor for volunteers everywhere. She appeared one day, stayed a long time and hundreds benefitted from her attention, she asked very little in return, and often went under appreciated for her efforts. If Mittens can do it when are you going to volunteer somewhere?

To volunteer, or provide a donation; dial 902 794 9371 leave a message, or email Cliffordstreetyouthcentre@hotmail.com

We are 'in the office' between 1-5 daily, but we can be there before and after those hours, if you call we can arrange a mutual time.

Next week; GET OUT AND VOTE for CBRM!! Lots of great candidates, if you don't vote, don't complain afterwards!!

All the best, easy on the Halloween treats ~ Paul Ratchford for Clifford Street
