GRAMMAS

God put Grammas on earth for various reasons you see. Please grant me some of your time, I'll relate reasons to thee.

To look after children's children, spoil them with candy and tea take them to the circus show,, as they romp with frivolous glee.

My story has a motive, one I'm sure you'll see, wherever there's children's children, A Gramma is sure to be, wherever there's children a Gramma is sure to be.

NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

The Cape Breton County Exhibition Cancelled Again

COVID-19 has been affecting many Summer related events and once again, the Annual Cape Breton County Exhibition has been cancelled.

Pauline MacLeod, Facilities Manager for the Exhibition Grounds, confirms that because of the effects of COVID, they had to cancel the event again in North Sydney.

The Exhibition has been a family favorite event for over 100 years and MacLeod said the future of the event is in question as the Exhibition is the major fund raising event and it has been cancelled two years in a row.

MacLeod suggested that the Board of Directors will have to make a decision on the future of the Exhibition as funding would have to be procured to host the event in the future.

Let's hope that a way can be found to make that happen as I feel that the loss of the Exhibition would be a major blow to the farmers and families of Cape Breton.

Tomorrow is a day of celebration-and a historical one. Another thing that is historical is the fact that Tom Jones recently became the oldest male to get a number 1 album on the UK music charts. At 80 years of age Tom released "Surrounded By Time"-his forty-first studio album. It also happens to be Tom's fourth album of all cover songs. So how are the songs? Well, what did surprise me was the choice of material for the album; for me the most familiar song here is The Waterboys "This Is The Sea", and Tom's take on it is pretty good. As for the others, "Talking Reality TV Blues" (by American singer/songwriter Todd Snider) was released as a single-and this trip hop number takes a punch at the mindlessness of reality TV-which by definition really doesn't exist once a camera and production crew are introduced into the environment. Tom's take on the Bob Dylan song "One More Cup Of Coffee" is wonderful, and "No Hole In My Head" is given a swinging 60's flavour that really lifts the track up. The song "Lazarus Man" really caught me by surprise as well with its spoken word verses and biblical bent-interesting, very interesting. That similar vibe runs through Tom's cover of Tony Joe White's song "Ol' Mother Earth". The funkiest track here is definitely "Pop Star" as Tom

gives the Cat Stevens penned song a new twist, and Tom's cover of the classic song "Windmills Of Your Mind" is probably the best song in this collection. Tom first sang the song "Delilah" way back in 1968-and now sings the traditional number "Samson and Delilah", with a jive and bop tempo that really highlights Tom's 'Northern Soul' side. To be honest, Tom's 3 previous cover albums were a bit better-but when you factor in Tom's age, and that this album almost didn't happen one needs to celebrate his return; with the passing of his wife Linda Rose in 2016 Tom canceled all his tour dates-and earlier this year said "I didn't know if I could sing. When you get too emotional, your voice doesn't work ... It knocked me completely off balance". Taking his wife's advice Tom sold his L.A. Mansion and moved to a flat in London, England. She also wanted him to continue performing and recording-and that's why we have this latest effort.
