### NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

## Clifford Street Youth Centre Creates Go Fund Me Page

Clifford Street, as a youth centre, opened in 2009. Quite by accident and observation, what began as a temporary public meeting place for adults evolved into a leading edge "safe haven" for Northside children of all ages

Driven solely by the needs of the "under 18" children who attended, Clifford Street became an entirely FREE resource helping to reduce the Northside 43% child poverty rate downward to 36%!

Food insecurity was and remains the number one issue. It is followed with other necessities such as socks, oral hygiene, footwear coats, furniture, pillows, blankets, beds, and more. Anxiety related to food insecurity / no clothing for school / no lunches is a real problem faced by real families in your neighborhood.

While other youth groups receive several hundreds of thousands of dollars in annual funding, Clifford St defies convention by existing on less than thirty thousand! [ we dream of fifty thousand per year ]. We are FREE of any charges to our clients. Any perception of a cost immediately creates a barrier for the 40% children living in poverty; a barrier to the future.

40 % child poverty in the CBRM... , four out of ten, almost half... when does the number of 40 percent of all children living in poverty on the Northside cause us to respond with resources?

Clifford Street has opened every day we are allowed while Covid ravaged our country. Providing at least one meal a day, computer access with internet, and mentoring with staff who are committed to their wellbeing.

Clifford Street has been a safe haven to children of the Northside for close to fourteen years and now needs your help to continue to operate. Please donate today.

## Cape Breton Winter

Spring slips to Summer, Summer to Fall.

In Cape Breton. I'll be, waiting Winter's call

First frost of Autumn, warning indeed,

North Wind so frigid, pouring in from the sea.

Cape Bretoners familiar with ice, sleet and snow

test of survival at twenty below.

Survive we shall like forefather before.

Til warm breeze of Spring, caress us once more.

Winter friend in Cape Breton be, full of surprises this we agree.

As Spring slips to Summer, Summer to Fall.

In Cape Breton I'll be waiting Winter's Call.

## Summer Fire Safety Tips

*There is so much to do during the warmer weather. For this reason, it is critical to keep these summer fire safety tips top of mind while you enjoy yourself.*

### PROPERTY FIRE SAFETY TIPS

Maintain 10 feet of space between your home, shed, and any fire pits, bonfires, or tiki torches. Supervise children and pets at all times, especially around open flames.

Keep matches and lighters far out of the reach of children.

Put out any open fires before leaving the backyard or going to bed.

Leave fireworks to a professional.

### GRILLING FIRE SAFETY TIPS

Never grill indoors.

Situate the grill away from the home, deck railings, roof eaves, and low branches

Check propane hoses for leaks before using.

Open the lid of your gas grill before lighting it.

Only use charcoal starter fluid on charcoal grills.

Wear short sleeves or roll up sleeves while cooking.

Use long-handled grill tools to avoid burning your fingers and hands.

Keep the grill at least 10 feet away from the property.

Maintain 3 feet of space between children, pets, and the grill.

Never leave the grill unattended.

Clean leftover fat and grease off the grill to prevent fires.

Allow any coals to fully cool before placing them in a metal container for disposal.

### PREVENT BURNS AND FIRES THIS SUMMER

By utilizing these summer fire safety tips, you can decrease the chances of a fire or being burned by one. Should you have a mishap, run any burns under cool water for 3-5 minutes before covering with a clean, dry cloth. See a doctor for any severe, large burns. As always, stay safe this summer season and call FloodSERV for any fire restoration needs you may have!

Sharing is caring!

I don't think my summer would be complete without mentioning one of the literary highlights of it-reading Seth Rogen's autobiography "Yearbook". I have to admit right up-front that I am a huge fan of this man's work-seeing every movie, TV show and almost everything he's done on YouTube, and of course I touched on part of that career last month when I wrote about the wonderful TV series "Freaks and Geeks". One of the actors who got their start on that show was, of course, Seth Rogen. Most people know that Seth was born and raised in Vancouver, B.C. but some may not be aware of the fact that he signed up for a comedy workshop when he was only 12, co-wrote a draft for the movie "Superbad" (which was based on his real experiences) when he was only 13 (what?) and was doing stand-up routines in comedy clubs when he was just 16-making him the family's main wage earner when he co-starred on the TV series "Freaks and Geeks". The rest is, as they say, history with multiple awards, over 20 movies (as writer, producer, actor or all), creating his own line of Cannabis products "Houseplant" brand, pottery (no pun intended) and forming a charity with his wife (actress Lauren Miller-who he met when he worked on "Da Ali G Show",

and she acted in a few of his movies) that raises money, awareness and inspires change in how Alzheimers is perceived. It's called the "Hilarity For Charity" movement. This book is a very personal journey filled with over-the-top humour, including the worst summer camp experience imaginable, Seth's insights and experience in Hollywood (one case in particular shines a light on an actor of colour who was a racist jerk to Seth, making anti-semetic comments) and general mayhem that made Seth who-and what he is today. It's easy for some people to just pass Seth Rogen off as a modern-day Cheech or Chong, but they would be extremely shortsighted and sadly mistaken, as Seth Rogen is a master at his craft and literally wrote the book on millennial comedies-and now he can throw it at us (yuk yuk)...I know, leave the jokes to the professionals. This is a great read-and that's no joke

Died Sept 24th, 2020

Just over a year ago we lost a musical legend and a well known accordion player George Payne.

George was a gifted accordion player, since he was 13 he played in many venues around Cape Breton.

George's hobbies were recycling old cars and fixing things up.

He loved to travel to Newfoundland and loved meeting different people.

We will always remember his laughter and his smile.
