Darren Strong from Strong Chiropractic, announces  
a new, sophisticated computerized decompression  
table that allows the spine to be gently stretched and  
relaxed for spinal decompression therapy.

The pattern of alternating pulling and  
relaxing creates vacuum-like pressure  
which allows disc material that was  
herniated or protruded to be pulled  
back in the disc over time.

Patients will notice a reduction of their  
pain during these treatment sessions. Stop  
in today and ask about the new  
table and how you can benefit.

# SENIOR CITIZEN

A full life lived years three score and ten,  
suddenly without warning Senior Citizen  
God willing two that not the case,  
must face this world alone, with courage, faith.

My home passee, a liability I'm afraid  
oh where shall I live for the rest of my day.  
Substitution made ready, cold forlorn  
I must accept with sadness or feel the system's scorn.

Family is scattered East Coast, West  
quiet time ponder when life waits its best  
it moves on relentlessly, I must do too  
adjust to changes however so blue.

Cheque Day for Senior challenge indeed  
month must cover some don't succeed,  
one may feel hunger on day twenty four  
six more to go before relief is in store

Thank God for a friend a Senior so true  
fifty tucked away will see me adequately through..

## VISIONS OF SUGAR PLUMS

Food has always played a big role in my Cape Breton Christmas. The baking starts at the beginning of December and many families also visit the various craft fairs and church bake sales to get special Christmas treats.

My mother and grandmother would work like the Kiebler elves baking all kinds of cookies, squares, tarts and various loaves and fruitcake. The smells in the house when you came home from school were heavenly. My mother would have a few mini treats for us so that we wouldn't pick at the cookies and squares.

We were allowed to decorate the sugar cookies and shortbread cookies with various colored icing and sprinkles. We accepted this honor with a great deal of importance because if we weren't doing it right, my grandmother would banish us from the kitchen.

Every year we looked forward to the frenzied baking and when we went to sleep we could still smell the delicious aromas from the various baked items. After one all day baking binge, my mother and grandmother had over 15 dozen cookies and squares and several loaves and three fruitcakes. They were left out overnight to cool before being packed away for Christmas.

I remember waking up to my grandmother's loud voice and wondered what was going on as my grandmother, born in Cheticamp, was never known to raise her voice unnecessarily. I knew there was trouble when I heard her speaking in agitated French. I could only imagine what various incantations or curses were being hurled on our two dogs who were lying on the kitchen floor in a state of stupor.

Apparently, the two dogs sampled just about every batch of cookies and those that weren't eaten were crumbled. The only thing left untouched was the fruitcakes and I could only imagine that even a starving dog would not have eaten them. My mother joined the chorus scolding the dogs and they did not move an inch.

Later, after they cooled down a little, my mother and grandmother called the vet and he said to bring the dogs over to see if they would have to have their stomachs pumped. I don't know what the vet did for them but the bill was \$45.00 and this was in 1964 so it was considered a lot of money for a mere dog.

I thought our Christmas would be ruined but as the neighbours heard the story, they began sending over a dozen cookies and shortbreads and by Christmas Eve we had the original 15 dozen all donated by sympathetic neighbours.

Christmas was its usual interlude of food, fun and fruitcake. Every time the two dogs came within ten feet of my Grandmother she would let loose with a French phrase. I don't know if the dogs understood French or not but they avoided her. I guess it worked because I can't remember them ever eating the Christmas goodies again.

## CHRISTMAS CAROL HUM HYMN SING

It's hard to imagine that it's been two years since the world shut down because of Covid 19 and everyone was told to stay indoors. Well here we are and Christmas is upon us once again and the world is starting to return to a new normal. Christmas is a time to rejoice and celebrate the birth of our saviour Jesus Christ and it seems it starts when we hear all those familiar old time carols that we sung as kids growing up.

Well if you are longing to hear all these beautiful Christmas Carols, do we have a treat for you. On Sunday, December 19<sup>th</sup> at 3 p.m. in the afternoon there will be a Christmas Carol Hum Hymn Sing at St. Andrew's Presbyterian Church in Sydney Mines featuring Chalk Dust. This group of well known artists will be performing all the old time favorite Christmas Carols. **Covid protocols will be followed.** Proof of Vaccine and Id will have to be presented and masks will have to be worn during the concert.

So why not join us for a wonderful afternoon to get you in the spirit of Christmas. Now if you are wondering just what a Hum Hymn Sing is, let me explain. We are not allowed to sing but you can hum as loud as you want behind your masks. So hum, tap your feet, clap your hands and do whatever you like while you enjoy your favorite Christmas Carols.

This concert will be a Free Will Offering in support of the roof fund. So get all the family together and come, sit, relax and enjoy the spirit of the Christmas season. So mark this on your calendar as an event you will want to take in. That's Sunday, December 19<sup>th</sup> at 3:00 p.m. at St. Andrew's Presbyterian Church in Sydney Mines. Merry Christmas.

Since Christmas is just a few weeks away I wanted to give you a heads up on a fantastic DVD collection available at the regional library; 57 years ago "**Rudolph the Red-Nosed Reindeer**" was released. This animated Christmas classic was produced by the American production company **Rankin/Bass**, who were masters at creating amazing stop-motion animation specials (their method became known as "Animagic"). "Rudolph" featured the voice of Burl Ives as "Sam the Snowman" as he told the story of how that shy little reindeer went down in history by saving Christmas for all the little boys and girls around the world. Interestingly enough, Rudolph was actually voiced by the late Canadian voice actress Billie Mae Richards; she was also the voice of Tenderheart Bear of "The Care Bears", and appeared in the original "Spiderman" TV series, the Canadian TV series "My Secret Identity", "War of the Worlds" and "Maniac Mansion", to name just a few. "Rudolph" was created with three-dimensional miniature sets, props and characters-all painstakingly moved a fraction of an inch at a time to create something magical. The fact that the show has stood the test of time speaks volumes about its innocence, magic and charm. Who can ever

forget seeing that lovable little reindeer, the comically terrifying Abominable Snow Monster of the North (a.k.a. The Bumble), Yukon Cornelius the prospector, the Island of Misfit Toys with Dolly the Ragdoll, the boy Hermey and the girl Clarice-and of course Mrs. Claus. For 20 plus years Rankin/Bass Productions made a huge number of animated projects, and other stop-motion holiday specials such as "Rudolph's Shiny New Year", "Rudolph and Frosty's Christmas in July", "The Little Drummer Boy", "Frosty the Snowman" and "The Easter Bunny is Coming to Town". Rankin/Bass's last stop-motion production was "The Life and Adventures of Santa Claus" in 1985; unfortunately the company shut down in 1987. You can find Rudolph's wonderful tale airing on lots of screens now-and the regional library has that complete DVD collection of Rankin/Bass productions for loan. "Rudolph the Red-Nosed Reindeer" is without a doubt one of the greatest Christmas specials produced for kids of all ages. Enjoy!

## AROUND THE TOWN

The first small amount of **snow** has fallen and I put the snow tires on the car - these are sure signs that Winter is here for another season - as much as I love **Christmas**, I hate the thoughts of snow shovelling and slushy snow on my poor frozen feet as I roam the **Northside** gathering the community news.... I am working on a **new seniors project** for the coming new year - in conjunction with **K-LEE RADIO**, I am planning a Seniors Radio Station that will feature music, news, stories and entertainment especially **for seniors** and it will broadcast 24 hours a day - lots of planning has gone into this project and I will have more detailed information for you early in 2022 - over the years as I have worked with many community groups and individuals it became apparent that seniors needed a radio station that was tailored to **the needs** and musical preferences - stay tuned in the new year as we get set to launch the new project.... Christmas music is now being broadcast on **K-LEE RADIO** and you can also download **Free Christmas Music** from their website - just logon to [www.kleeradio.com](http://www.kleeradio.com) and get lots of free items from their Christmas Page..... North Sydney Fire Hall has New Years tickets on sale also **Ernie Wells** will entertain on Christmas Eve from 2:00 - 6:00 pm.... **Florence Legion Bingo** is being held on Thursday evening - it would be nice to win the Jackpot for Christmas.... Northside poet **Ron Gillis** has another poem "**Senior Citizen**" to share with us this week.... we also have another amusing story from the "**Cape Breton Christmas Memories**" book and I can vouch for this story as being true - the book is on sale locally and it is only \$4.95.... the **North Sydney Seniors & Pensioners Club** is sponsoring a Christmas Tea & Sale on Wednesday, December 15th from 2:00 - 4:00.... as I mentioned earlier, Winter is here and we know **power outages** are bound to occur - here is some local information when power goes out - when Power Outages occur, **Warming Centers** will be available at the Big Bras d'Or, Southside Boularderie and Ross Ferry Fire Halls..... Christmas with the **Cape Breton Chorale** is taking place Sunday, December 12th at 3 pm - it will be at Church of Christ the King, 19 Trinity Avenue, Sydney..... on **page 5** you will find list of **CBRM Emergency contact numbers** - keep it handy for when you need to call and contact a department quickly.... Branch 008 Legion in Sydney Mines raised **\$2530** for Christmas Daddies - Special Thanks to **Bob MacDonald & Friends**..... The Northside & District Minor Hockey 50/50 last week was over **\$16,000** - a nice tidy sum for someone to win for Christmas - just \$1.00 a ticket and the money goes to support the hockey League... **DJ Jack Cool** is on Christmas holidays and will return to K-LEE RADIO in the new year... **FREE PUBLICITY** - If your group or organization is planning an upcoming community event and want some free publicity, simply email us with your information and we'll publish it free of charge - just send us your information to us at this email address - [thisweek@kleeradio.com](mailto:thisweek@kleeradio.com)

## SEEKING PUBLIC INPUT ON TEMPORARY SIGNS

The Cape Breton Regional Municipality is considering whether to adopt a new bylaw to regulate temporary signs.

The type of signs being considered are commonly displayed as black roadside signs & interchangeable lettering.

Public input is sought to help scope the issues and guide any future regulations. An online survey is now open at [www.cbrm.ns.ca](http://www.cbrm.ns.ca)

The survey will be open to responses between December 6 and 17.

If you have any questions or would like a paper copy of the survey, please contact the Planning and Development Department at 902-563-5072 or email [planningconsult@cbrm.ns.ca](mailto:planningconsult@cbrm.ns.ca)
