CAMP FIRE CEILIDH From K-LEE RADIO

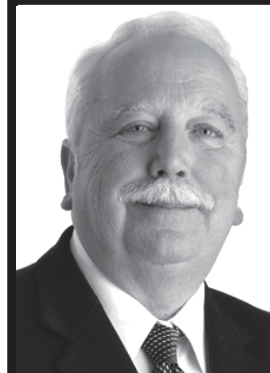

Now that Summer is here, many of us enjoy a camp fire at the cottage or on a beach. One of the best memories for many people is singing around the camp fire with family and friends.

K-LEE RADIO, your Community Radio station, has produced a Podcast with many of the traditional songs we would sing together.

We have compiled those songs and have made them available on our website so you can enjoy them this Summer.

Below is a list of the songs on that Podcast which is recorded in MP3 format so that you can use it on your electronic devices to play. Some of the well known songs include - Day O, Country Roads, I'm Henry the 8th, Out On The Mira, Workin Man, Sloop John B, Pearly Shells, Ring Of Fire, Sweet Caroline, Wings Of A Dove, Me & Bobby McGee, Inch By Inch, Lord Of The Dance, The Four Marys, Peggy Gordon, Green Green Grass of Home, and many, many more - approximately 3 hours of Sing Along Campfire songs.

NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

JACK COOL K-LEE RADIO DJ NEWS

I had the great honour and pleasure of interviewing former premier of Nova Scotia Stephen McNeil. As many of you know, Premier McNeil, along with his Great team, helped Haley Street raise enough money to get a

new building after the terrible fire that destroyed Martell Hall.

I highly thanked

Stephen during our interview for what he and his team did for us all Clients & Staff of Haley Street. When I asked the former Premier what do you like to do as a Pastime or as a hobby, he said he liked to do a little bit of golfing, not as much as he would want.

McNeil is still working. He works at the Atlantic Canadian law firm. Cox & Palmer. I also thanked him for his tremendous leadership, especially during the Covid-19 pandemic along with

Dr. Robert Strang, and who can forget that awesome phrase "stay the blazes home." and how this came about. Lori Graham came down to McNeil's office during the time of him being Premier and said she was so worried about people not listening to us so could you use that phrase and the rest is history. A special thanks a big thank you to Stephen Tobin for arranging this and taking some awesome pictures during my conversation with Stephen McNeil.

Thank you so much. Stephen McNeil - I'm also proud to say is a strong supporter of Cape Breton Special Olympics - all the best - JACK

“The Strongman Blues Remedy, Volume 1” is the latest musical creation from Canadian blues guitarist & singer Steve Strongman; the project was set in motion by the pandemic, and Steve’s desire to not see the music die, for musicians to not only overcome the darkness but to re-energize and re-invigorate their own creative drives and to shine a light on the pathway to hope for the fans. On this 10 track album Steve was joined by special guests Dawn Tyler Watson, Crystal Shawanda, Steve Marriner, Jesse O’Brien, Alec Fraser, and Harrison Kennedy-who is featured on the rocking blues single “I Like To Ride”. This song pretty much defines what great blues should sound like. There’s an amazing old-school vamping groove, almost like a jug band feel on the humorous “Gettin’ Stoned”, with a great video for the track on YouTube. The song “Hard Luck” reminds me of one of Huey Lewis’s harder edged numbers and Crystal Shawanda really brings the

heat to the rocking track “Tell Me I’m Wrong”. You’ll hear hints of Lee Aaron on this one. As for some of the other songs, “True To Me” has a Bad Company meets Don Henley feel to it and “Fine Young Man” (with Dawn Tyler Watson) shines bright. Finishing off, “I Don’t Miss You”, with Harrison Kennedy, has a nice 80’s Motown soul groove to it, with Harrison’s superb vocals adding that extra touch-and the album close out with the amazing song “Love Comin’ Down”; I hear hints of Dire Straits, Stevie Ray Vaughan and Chris Rea in the track-which all together makes for one hell of a top notch composition. This is a great album that is available on StoneyPlains Records bandcamp, applemusic, Spotify and Amazon.

I would like to send out a heartfelt Thank You to all those who wished me a Happy Birthday this past Sunday.

I turned 75 (and I feel every year of it!!) I had dinner with my family and grandchildren, got lots of presents and finished the night off by fishing mackerel at teh Big Fiddle in Sydney - does it get any better than that???

Once again, thank you to all my family, friends and all the people I meet each week compiling the news for this paper.

Thank You and God Bless!

The "EX" IS BACK!

We received confirmaton on Tuesday that the Cape Breton Exhibition is back after a two year hiatus.

The Cape Breton Exhibition Society was formed to keep the Exhibition, land and buildings intact instead of turning the property over to commercial developers.

The Exhibition has been a family traditon for many local area farmers and horseemen.

Chairman of the Cape Breton Exhibition Society, Donnie MacNeil, is a second generation exhibitor and he outlined the events and entertainment that will appear at this year's Exhibition.

The dates for the Exhibition are August 17 - August 20 and Donnie said that although this first year for the new organization, he was planning to have all the major events in the Main Arena on a quicker turnaround time.

Hinceys Rides will be back by popular demand, Men Of The Deepes, Celtic Colours Showcase, Cape Breton Mic will also feature local talent and the Main Stage will host many local musicians and singers for the 4 day event.

Some featured events will include a Tractor Skills Competiton, and ATV Competition and Off Road events and the

usual exhibits and animals that are children's favorite.

Posters are now being readied for distribution to promote the event.

The Gates will open at 9am along with the many exhibits.

Northsiders are pleased to hear that the Exhibition is back as it has played a big part in the history of the community over the 100 and more years that it has been in existence.

Watch next week's paper for more detailed information for the upcoming 4 day event.

Monkey See, Monkey Do

This was another expression I often heard around our house and it was usually a negative response to something I would be doing.

There was a great sense of community back then and I often sat around quietly as adults chatted and talked especially around the ball field where they would bring their chairs in the evening to watch the kids play ball

or the men play horse-shoes. It was an easy going time and I often picked up neighbourhood gossip that I could exploit to make money.

An example of this would be hearing that Mr. so and so was building a new fence. I would go and offer to paint the fence long before any of the other boys even knew what was happening.

Or the Smiths were getting a new fireplace, I would offer to cut hardwood for them and so on. I always kept my ears open for opportunities.

One of the better suggestions came from one of these discussions. A new car wash was planning to be built and open in a few months time. I thought I'd get a jump on them and painted a sign and set up just on the edge of the playing field.

I got my father to run the hose from our house to the field and he buried it underground using a pick so the cars wouldn't ruin it by running over it. We operated that car wash for many years every Summer.

All the kids wanted to play in the water so we had no shortage of volunteers to wash the cars.

My mother would always say, "Monkey See, Monkey Do" and I would always smile at that because I knew that I would be making money on the adventure.
