## NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

This past Christmas I was given 2 DVDs that were well-appreciated; “**The Gumby Movie**” (from 1995) and “**The Complete Gumby Show**”. Of course, some of you who are of a certain ‘vintage’ will remember that little green guy made of clay who brought us hours of joy. Gumby was created in 1955 by Art Clokey and was featured in 2 seasons of the TV series of the same name on NBC. Gumby really was made of green clay and had thicker shins and feet so that he would stand better when Art was doing the painstaking stop motion animation for each show, which were usually under 10 minutes in duration. Clokey actually got his start with an animated short called “Gumbasia”; it generated interest in having a series of children’s series done-eventually picked up by NBC, and the rest is-as they say-history. It was in the third episode that a little orange pony named Pokey made his debut and was soon Gumby’s partner in adventure. It’s true that there’s a child-like innocence to these episodes,

but at least they’re not fast and flashy; not aimed at a demographic that has a shorter and shorter attention span each year (to me that “In The Night Garden” kids show creeps me out-and looks like it was made by someone who’s still on an acid trip) so “The Gumby Show” offers kids a brightly colored and wholesome alternative to marshmallow-minded big screen babysitting shows that dominate the land of kids television these days. It was actually Eddie Murphy’s recurring skits as a cranky Gumby on Saturday Night Live that revived “The Gumpy Show” for 99 episodes in 1988, adding to the little green one’s legacy. So why should you watch this stuff? To quote Eddie Murphy; “I am Gumby dammit”...so enjoy.

## Old Time Radio Podcast Added

Abbott and Costello were one of the most popular duo comedy teams in history through radio and television. William (Bud) as Abbott and Lou Costello (born Louis Francis Cristillo).

The two comedians first worked together in 1935 at the Eltinge Burlesque Theater on 42nd Street in New York.

They became famous for their most popular act, “Who’s on First?” whose rapid-fire word play and comprehension confusion set the preponderant framework for most of their best-known routines.

This episode is “Lou Goes To The Race Track To Lose Some Money.”

### NORTHSIDE COMMUNITY NEWS EVENTS

GLEN GRAY - EDITOR

Another **Christmas** is in the books and it's time to get back to business as usual and one of the most disturbing things I have read about is the death because of the **long wait** at the hospital emergency rooms - I know the staff are trying their best to triage the many waiting patients but waiting 8 or 9 hours to be seen is just **not acceptable** in this day and age - something needs to be done and I hope that the group recently formed makes some headway so that this will never happen again..... the **North Sydney Pensioners Club** has a list of upcoming events for their club in the new year, take a look on page 3 and remember, you can join the club for a very nominal fee and start attending these community events..... Cape Bretoners made the **Tim Hortons** nationwide list if all Canadian outlets for the most amount of tea served, this comes as no surprise to me, see page 2 for details.... **Paul Power** has a nostalgic look at **Gumby and Pokey**, a cartoon my daughter really liked... To keep your brain nimble, we have free **Sudoku puzzle** on page 4 and also a **Crossword puzzle** on page 8.... we have also begun a new weekly feature on our website [www.kleeradio.com](http://www.kleeradio.com) - and that is to provide you with a free audio podcast of an **old time radio broadcast** and this week's feature is **Abbot & Costello**, logon to our website and download your free copy - just click in the **PODCAST** link and see what else is available.... **DJ Jack Cool** is back again this Friday with his **Late Nite Oldies** show beginning at 8:00 pm..... another Tax Season is upon us and we have included some timely **Tax Tips** for the upcoming tax returns to make sure you maximize your refund - this will be a weekly feature until the tax season is over.... On **page 7** you'll find a touching tribute to musician **Owen Hann** by our own Kenny Walsh in remembrance of a great musician and family man who will be sadly missed..... to help with those after Christmas bills, check out the **Chase The Ace** jackpots and **50/50 hockey pools** that are being sponsored locally, the 50/50 weekly draw averages around \$13,000 - \$14,000 each week and the Chase the Ace is over \$22,000 - either win would suit me just fine..... keep in mind that the Northern Yacht Club has a restaurant - JohnnyBees - that is now open through the week that features fine food and local musicians on Wednesday and Friday nights.... **FREE PUBLICITY** for all Clubs and community organizations, simply email us with your information and we'll publish it free of charge in our weekly paper - just email us with your event information to us at our website email address [thisweek@kleeradio.com](mailto:thisweek@kleeradio.com)

**- TAX TIPS 2022 -**

**1. TAKE BIG LIFE MOMENTS INTO CONSIDERATION** - If you got married or divorced, had a baby, or lost a loved one, life's most momentous events can impact your finances. This is because your tax situation depends just as much on what has changed in your life. Make sure you do your research to understand how these changes can impact your taxes, and what additional tax credits or deductions you may be eligible for.

**2. DON'T LEAVE ANY CREDITS OR DEDUCTIONS ON THE TABLE** - Beyond the personal identifiers and information that you need to account for when doing your taxes, there's also frequent changes and adjustments by federal and provincial governments. These changes can be cause for any increases or decreases to your taxes. Make sure you're aware of any tax credits or deductions that you're eligible for and can take advantage of to maximize your tax refund.

**3. PLAN FOR TAX SURPRISES** - There can be good surprises and bad surprises, and a surprisingly large tax bill is likely to fall in the latter category. Be aware of things that happened in your life that was out of the ordinary compared to years past to better understand how it may change your taxes. Saving for a rainy day is a good habit to develop for any surprises, including if you discover that you do owe money upon filing your tax return. A little bit goes a long way!

**4. STAY ORGANIZED ALL YEAR-ROUND.** - Set up a system to organize receipts and track expenses to make taxes easy - and make sure you're keeping a physical and digital copy. You don't have to wait until the tax season is in full swing to do this either. If you get into the habit of doing this monthly, it saves the added headache when you do get around to doing your tax return and trying to track down receipts that are eight-months old. You'll thank yourself later.

# ANOTHER GREAT MARITIME MUSICIAN PASSES AWAY AT 64

## OWEN HANN

When It comes to the little TOWN OF NORTH SYDNEY NOVA SCOTIA not everything is little.

THE NORTHSIDE IS KNOWN FOR SOME PRETTY BIG TIME TALENT. And with so much musical talent flowing through his veins, Owen was as versatile as you can get. a bassist who could play any type of music. And knowing him well, his favourite style of music was the Blues.

Owen began to play for many CAPE BRETON BANDS Including Sam Moon in the 1970s, "The Battery" Which released an album titled "Tomorrow" back in 1981 on the RIO RECORDS LABEL and he co-wrote 3 songs for that Album. In the mid 80s he went on to play with the band "Spider" and then "The Black Cats" into the 90s before moving to Summerside PEI.

Owen had also provided the awesome bass track on my song "Hooked On Country" from my 1998 album "Raised On Country" that was recorded back in 1997 at Lakewind Sound Point Auconi NS. After moving to Summerside Owen played with the Johnny Ross band which became "Old Habits"

Then for 10 years played with a band that he put together called "The West end Blues Band" And then most recently had played with a group called "Route 225". He was an Assistant Meat Manager at the Atlantic Super Store in Summerside PEI, And was just getting ready to retire in April of 2023.

His plan was simple, to spend most of his time with his Family, his wife Rita and children, Nicholas (Lisa) and Brittanny (Brett). And his three grand children Knox, Daxx and Sutton. My dear brother-in-law Owen Hann passed away on December the 25th 2022 of all days "Christmas Day"

And just like Owen and all the other great maritime musicians gone before him, they have certainly left there imprint in music. Not only was he respected by fellow musicians that new him, but to anyone who have been moved by his stage presence and wonderful talent. Owen Hann has just made Heaven's massive talented orchestra that much better.
