## Talented Cape Bretoner Leon Dubinsky Passes at 81

One thing about getting older is that you begin to see the friends you grew up with pass away.

Last Tuesday, one of Cape Breton's talented performers, Leon Dubinsky, passed away at the age of 81.

Leon was always associated with music and as a fellow Sydney Academy student, I was entertained many times by him and his sister Sylvia while attending the Academy.

My first introduction to Leon was when he wrote the school's song, "All Hail Sydney Academy." I clearly remember him, Max MacDonald, Berkley Lamey and Ralph Dillon performing at Daniels on Charlotte Street as "Buddy and The Boys."

Leon also wrote the classic Cape Breton Song "Rise Again" which became a Canadian standard after the Rankin Family recorded it.

He also was a talented actor and worked in film, radio and TV, and received a Genie nomination for best supporting actor in 1987 for his role in the movie Life Classes. He was also the principal actor in the TV series, Pit Pony, which was filmed in parts of Cape Breton. Many of you will remember that TV series.

Dubinsky was also a founding member of the Rise & Follies of Cape Breton Island and for more than a decade, he was

**LEON DUBINSKY**

the the musical director of The Summertime Revue. In 2002, Dubinsky was honoured with a lifetime achievement award from the East Coast Music Association for his lasting influence on the music industry in Atlantic Canada. Leon was also an environmental activist who led a group known as the Save Kelly's Mountain Society, which raised concerns about potential mining or quarrying on the mountain.

### NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

I've been a Frank Sinatra fan for many years now (in college I wrote my final term paper in Music Studies on Ol' Blue Eyes) and even though it's been almost 25 years since his passing Sinatra's songs still captivate the world, and take us back to bygone days of glamorous nightclubs, smoky dives, dames and martinis (but Frank's favourite drink was actually Jack Daniels on the rocks-with water) so getting to watch this DVD was something I looked forward to. It features a television special and concert from the early 1970's. "Ol' Blue Eyes is Back" was first broadcast on NBC TV on November 18, 1973, marking Frank's return to performing following his retirement in 1971. In front of a live studio audience he opened and closed the show with the song "You Will Be My Music"; in between he captivated the audience with wonderful songs such as "I Get A Kick Out Of You", "I've Got You Under My Skin", "I've Got The World On A String", "Send in the Clowns" and more. Special guest Gene Kelly also joined Frank on stage to perform a few medleys. Frank got a standing

ovation at the end of the show. Also included is "The Main Event" from Madison Square Gardens, broadcast by ABC TV in October of 1974. It wasn't a fight but sports celebrity host Howard Cosell did the introduction to what would be a total knockout of a different type; Frank hit all the right notes on some signature tunes like "The Lady Is A Tramp", "I Get A Kick Out Of You", "Autumn In New York", "I've Got You Under My Skin", "My Kind Of Town" and of course, the show-closer "My Way". This was a performance of a seasoned, mature Frank Sinatra-a man approaching 60 with nothing to prove to anyone, yet still giving 110% to his fans. He knew how to still have fun too, as audience members cut a rug in the aisles to the song "Bad Bad Leroy Brown". Here's living proof that Frank Sinatra always did it his way.

## Old Time Radio Podcast Added

Our Miss Brooks is an American situation comedy starring Eve Arden as a sardonic high school English teacher.

It began as a radio show broadcast on CBS from 1948 to 1957.

When the show was adapted to television (1952-56), it became one of the medium's earliest hits.

In 1956, the sitcom was adapted for big screen in the film of the same name.

This week's episode is called "The Cow In The Closet"

THE NEED IS GREAT

## - TAX TIPS 2022 -

**Claims for COVID-related work expenses** - Did you work from home at least some of the time this year? You can still claim a deduction for home office expenses.

"In 2020, eligible employees who worked remotely could deduct up to \$400 in home expenses from their taxable income, without the need to keep receipts or get a signed T2200 form from their employer. The government has promised to extend the simplified deduction through the 2022 tax year, and to increase the allowable amount to \$500."

**Find out more about this deduction and other recent tax proposals:** What you need to know about your 2021 income taxes

**Self-employed? How much are you setting aside?** - If you're self-employed, no one is deducting taxes from your income—it's your responsibility to allocate funds to cover your tax bill.

"As a general rule, you should always set aside 25% of your income for taxes. You're taxed only on your net income, which is your total income minus all your expenses. Look for line 104 on your tax return where it says 'employment income not on a T4 slip.' This is where you report your business income."

Learn about filing taxes when you work for yourself: How to file taxes when you're self-employed

**The tax deductions available for small business owners** - There are several business expenses that may be eligible for tax deductions, if you're a business owner. It helps to have a solid tracking system for your operating costs.

"A sole proprietorship or your share of a partnership is reported on your personal tax return—generally on form T2125 Statement of Business or Professional Activities. The statement itself gives a good sense of the types of expenses that are eligible for business expenses, but CRA also provides a good summary."

## GRANT'S TIMELY HOROSCOPE

Avoid shopping or making important decisions from 8 a.m. to noon Atlantic time. After that, the moon moves from Scorpio into Sagittarius.

**ARIES (MARCH 21-APRIL 19)** - You're happier today! Your idealism is aroused, and you're hatching plans to travel and introduce some adventure into your life. If you need to ask for time off, you couldn't pick a better time because authority figures are favorably disposed to you now. Bonus!

**TAURUS (APRIL 20-MAY 20)** - This is a good day for financial negotiations, especially about inheritances, insurance issues and the wealth of someone else, especially your partner. You will be confident. Furthermore, whatever happens, you will likely come out smelling like a rose.

**GEMINI (MAY 21-JUNE 20)** - This is a lovely day to schmooze with partners, close friends and even members of the general public. People are warm and friendly! This is also a good day to make plans to travel with a friend or to do something that expands your world.

**CANCER (JUNE 21-JULY 22)** - Work-related travel is likely for some. Meanwhile, because of an inner idealism that is aroused within you, any opportunity to help someone will make you feel rewarded and gratified. This is good. Never miss an opportunity to practice a kindness.

**LEO (JULY 23-AUG. 22)** - This is a playful day! Accept invitations to party and schmooze. Enjoy a coffee klatch, a long lunch, playful activities with kids or a romantic date. Sports events will also appeal. Because you're concerned about the welfare of others, especially children, you will be helpful.

**VIRGO (AUG. 23-SEPT. 22)** - This is a lovely day to spend time at home or entertain at home. Discussions with family members will be upbeat because people are happy to see each other. You might find that someone is concerned about your welfare or perhaps you care are concerned about them?

**LIBRA (SEPT. 23-OCT. 22)** - You're happy today because you're in a positive frame of mind. Casual conversations with daily contacts, siblings and neighbors will be upbeat and fun! You might enjoy entertaining at home. Perhaps a friend will help you in a redecorating project.

**SCORPIO (OCT. 23-NOV. 21)** - This is an excellent day for business and commerce because it is possible for you to boost your income in some way. Be open to opportunities that relate to foreign countries and people from other cultures. Don't be afraid to think big.

**SAGITTARIUS (NOV. 22-DEC. 21)** - Today the moon is in your sign dancing beautifully with your ruler Jupiter, which is why you feel happy and upbeat! Because it's easy to feel warm and friendly with everyone, you're ready to offer emotional or physical support to anyone who needs it. (Great! This is the kind of day where you get what you give.)

**CAPRICORN (DEC. 22-JAN. 19)** - This is a pleasant day. You will certainly run the meeting if you are involved with others because four planets are in your sign. (Oh yes, you are calling the shots today.) Nevertheless, you will welcome an opportunity to benefit someone who is in need. You will also find this to be gratifying.

**AQUARIUS (JAN. 20-FEB. 18)** - Although you are happy to keep things down to a dull roar today, in fact, you prefer to work alone or behind the scenes — nevertheless, you will enjoy a heart-to-heart conversation with a female colleague. Or perhaps this person is a member of a group? You will want to discuss charitable ideas.

**PISCES (FEB. 19-MARCH 20)** - You make a wonderful impression on others today, which is why this is the perfect day to make your pitch and go after what you want. People see you as friendly, approachable, successful and affluent. Don't knock it. If it works, use it!
