NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces
a new, sophisticated computerized decompression
table that allows the spine to be gently stretched and
relaxed for spinal decompression therapy.

The pattern of alternating pulling and
relaxing creates vacuum-like pressure
which allows disc material that was
herniated or protruded to be pulled
back in the disc over time.

Patients will notice a reduction of their
pain during these treatment sessions. Stop
in today and ask about the new
table and how you can benefit.

We've got your back!

PAUL POWER

Never have I ever thought I'd see such a neat and funny Netflix series like "Never Have I Ever". Alas, all things must come to pass and the final season of the series aired recently. The story centers around Devi Vishwakumar (played by Canadian actress Maitreyi Ramakrishnan) a 15-year-old Indian-American Tamil girl living in Sherman Oaks, California. After her father dies suddenly Devi loses sensation in her legs due to psychological trauma, making her unable to walk for three months. One day, while trying to catch a glimpse of her crush Paxton Hall-Yoshida, she miraculously recovers and can stand. What follows is a horrible freshman year as Devi tries to go from geek to cool, with lots of cringe-worthy moments. Her 2 best friends, Eleanor Wong (played by Ramona Young) and Lee Rodriguez (played by Fabiola Torres) provide great comedic relief, as well as more serious moments that will resonate with viewers of all ages. Without giving away too much of the story line I will say that the character of Ben Gross

(played by Jaren Lewison) really transforms over the 4 seasons, as do Eleanor, Lee and especially Devi. This IS NOT a 'for teens only' show as the comedy and drama also follows Devi's mom, grandmother, aunt, teachers and other adults. Surprisingly, this is Maitreyi's first acting role as she was chosen from 15,000 other actors by series producer Mindy Kaling (herself an accomplished comedic actor, screenwriter and producer) and we can see why she got the part from the first episode on. There are 4 seasons in total, with 10 episodes per season.

There were some complaints from different groups about the series, but they were just petty and joyless. This is a wonderful show to take in if you haven't seen it yet. I am definitely going to miss it- but it had a great finale.

SONGWRITERS DILEMMA

A frustrated songwriter I am
as I try to match verbs,
with nouns
My work meets rejection,
at arrangers inspection,
A frustrated songwriter, I am

A songwriter sometimes
has a vision,
his work will be clear of revision,
words he has written never
be smitten
allowing great throngs to
sit up and listen

My song having passed
detailed scrutiny,
Is performed by a singer tonight
thus having come full circle,
Is ready for a musical flight.

- RON GILLIS

YOUR WEEKLY HOROSCOPE

ARIES (MARCH 21-APRIL 19) - Make friends with your bank account today because something unexpected could impact your finances. Double check details regarding taxes, debt, inheritances and anything you own jointly with others.

TAURUS (APRIL 20-MAY 20) - Someone close to you might throw you a curveball today; or a partner or close friend might want to change the arrangement in your relationship? Whatever happens, you will be surprised by someone today. They might be rebellious or perhaps it's you?

GEMINI (MAY 21-JUNE 20) - Your work routine will be interrupted today. Staff shortages, power outages, late deliveries, mixed-up communications or people you know might rebel or start a little coup? Likewise, something unpredicted related to your pet could occur - or even your health.

CANCER (JUNE 21-JULY 22) - Parents should be vigilant today because this is an accident-prone day for your kids. Know where they are at all times. Be particularly vigilant with toddlers and keep them away from hazardous situations. Meanwhile, social plans might suddenly change. They might be cancelled or you might receive an invitation?

LEO (JULY 23-AUG. 22) - Your home routine will be interrupted today. Small appliances might break down or a minor breakage could occur. Someone you least expect might knock at your door. Because you don't know what will happen - get dressed. It might be smart to have some food and drink on hand.

VIRGO (AUG. 23-SEPT. 22) - Pay attention to everything you say and do today because this is an accident-prone day for your sign. This means you have to be mindful. Slow down and know what you're doing. Make sure you don't do anything or say anything that you will later regret.

LIBRA (SEPT. 23-OCT. 22) - Keep an eye on your money and your possessions today because something unexpected could impact them. For example, you might find money; you might lose money. Be smart and protect what you own against loss, theft or damage. Guard against impulse purchases that you might later regret. Keep your receipts (and the box).

SCORPIO (OCT. 23-NOV. 21) - You might feel rebellious today because the Moon is in your sign at odds with wild, wacky Uranus. This makes you feel energized and ready for anything. You want some excitement! You might stir the pot in a relationship just to see what happens. (Be kind.)

SAGITTARIUS (NOV. 22-DEC. 21) - Today you feel restless. You don't know why but you have that feeling that you're waiting for the other shoe to drop. You might hear some news that puts you on edge. You might also disagree with someone. (

CAPRICORN (DEC. 22-JAN. 19) - Very likely, a friend will surprise you today by doing or saying something you least expect. Or possibly, you will meet someone who is a real character - someone bohemian or avantgarde. Or you might be surprised by the mandate of a group to which you belong.

AQUARIUS (JAN. 20-FEB. 18) - Tread carefully because a boss, parent or someone in a position of authority might surprise you or catch you off guard today. ("Busted!") You might be unhappy about some news that you hear. Whatever happens, might also make you feel rebellious.

PISCES (FEB. 19-MARCH 20) - Travel plans are likely to change today. They will either be cancelled, delayed or in turn, you might have to travel even if you did not plan on doing so. Some of you might also be shocked by something in the media or in the news.
