NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

We've got your back!

I will say right up front that Seth Rogen is my favourite comedy actor, having watched all of his movies multiple times, and first seeing him in his acting debut on the wonderful series "Freaks and Geeks" in 1999. Since then he has written, produced, co-written, co-produced or acted in over 100 productions. The pride of Vancouver, B.C. has been one busy beaver. Insert that legendary Rogen laugh here. "Platonic" is a new AppleTV series that stars Rogen (as Will) and the amazing Australian actress Rose Byrne as Sylvia, a stay at home mom who reconnects with her former best friend Will. Rogen and Byrne co-starred in both "Bad Neighbor" films and were so funny together. That vibe continues here; a man and a woman who were best friends with absolutely no chance of romance-even though Will is recently divorced. Anybody familiar with Rogen's comedic work knows that he can play a perfect 'man child' or shall we kindly say someone that has difficulty being an adult. That's what I love about him;

his autobiography was an excellent book to read and he has also shown incredible skill at developing his own Cannabis line. But this is the same guy who created the non-profit Hilarity for Charity (HFC) a national non-profit on a mission to care for families impacted by Alzheimer's disease, activate the next generation of Alzheimer's advocates, and be a leader in brain health research and education. Rogen's wife (actress Lauren Miller) was the catalyst when her mother was diagnosed with early onset Alzheimer's at only 55 years old. Much of the comedy here is, of course, ignited by Rogen-with Byrne adding her special touch to the madness that seems to follow them around. AppleTV presented the first 3 episodes on May 24th, and then weekly episodes air right up to July 12th. I love this show. Check it out!

OLD TIME RADIO & MUSIC PODCASTS

Gang Busters was an American dramatic radio program heralded as "the only national program that brings you authentic police case histories." It premiered as G-Men, sponsored by Chevrolet, on July 20, 1935.

After the title was changed to Gang Busters January 15, 1936, the show had a 21-year run through November 20, 1957.

The series dramatized FBI cases, which producer-director Phillips H. Lord arranged in close association with Bureau director J. Edgar Hoover. Hoover insisted that only closed cases would be used.

The initial series was on NBC Radio from July 20 - October 12, 1935. It then aired on CBS from January 15, 1936 to June 15, 1940, sponsored by Colgate-Palmolive and Cue magazine.

TAX TIPS

It happens – April is a busy month and suddenly, the May 1st tax deadline has come and gone. Or, perhaps you were confused by the CRA workers strike, and weren't able to complete your tax filing. Now what? Tip number one – breathe.

Firstly, if you're self-employed, you actually haven't yet met the filing deadline. For those who work for themselves, the deadline is June 15, 2023. If you owe money, though, that was due on May 1st, so the below still applies to you.

Next, gather your documents and bring them to an H&R Block, or do them yourself using our tax software. Don't delay or interest penalties add up.

Davis Day Celebrated in Cape Breton Honoring Cape Breton Coal Miners

Every June 11th those who live in Nova Scotia's former coal company towns gather to remember miners who died in major accidents in the mines. In recent years, the ceremony has become an opportunity to reflect more broadly on our coal mining heritage, the hardships and sacrifice, the bravery and achievements of Nova Scotia's coal miners.

We remember all of this on June 11th by focusing on one of the darkest days in Nova Scotia coal mining history. On that day in 1925, striking coal miners in Cape Breton, pushed to desperation because the coal company had cut off their access to water and electricity, after stopping their primary access to food from company stores, marched to the company's power facilities outside New Waterford, in an attempt to restore power and water. Estimates number the crowd of marchers anywhere from 700 to 3,000.

When they reached their destination, the company police began firing at the unarmed miners, killing 37-year old William Davis, and wounding others.

William Davis and his wife had 9 children and a 10th on the way. He was a skilled worker, active in his union, and had worked previously in Springhill. His older brother Thomas had died at the age of 14 in the Springhill disaster of 1891.

Davis was given the largest funeral the Town of New Waterford had ever seen. His death became a symbol of the determination and resilience of the miners in their struggles. At a union convention later that year June 11th was declared Davis Day. Miners vowed they would never work on June 11th and for many years this was the case. Parades, union speeches, and memorials filled the day.

District 26 of the United Mine Workers of America – the local union for Cape Breton and Pictou County coal mines – did much over the years to keep the day of remembrance going. In 2008 the Province of Nova Scotia proclaimed An Act Respecting a Memorial Day to Honour Miners (Bill No189: William Davis Miners' Memorial Day Act).

YOUR WEEKLY HOROSCOPE

Aries (March 21-April 19) - This is a lovely day to entertain at home. Because there are strong romantic vibes in the air, it's an excellent day to entertain romantic interests at home. Time for that special dinner? With those oversized Pinot Noir glasses? You love to set the scene.

Taurus (April 20-May 20) - You are a tactile, sensuous sign, which is one reason you'll welcome the delicious, romantic vibes that are in the air today. However, this same influence will also enhance your ability to write, edit and speak with eloquence. Enjoy the beauty of your surroundings.

Gemini (May 21-June 20) - You can attract money to you today, which is why you will be tempted to spend money on beautiful things for yourself and loved ones. Someone in authority might gift you something. Meanwhile, a work-related romance will begin for many. (Be still my beating heart.)

Cancer (June 21-July 22) - This is a lovely day for you because fair Venus is in your sign dancing with Neptune, which promotes creative activity, compassion and feelings of tenderness for others. The relationships that you enjoy today will feel spiritual and a bit illusory. You might meet your "soulmate."

Leo (July 23-Aug. 22) - You are enjoying engaging with friends and groups at this time. Today however, you feel private. You're happy to be at home. Personally, you might have a crush on someone. You might even entertain a romantic interest at home. Whatever the case, your world is special today.

Virgo (Aug. 23-Sept. 22) - Today warm bonds will deepen with others - be they friends, members of groups or a romantic interest. In fact, for some of you, a friend could become a lover, or a platonic relationship might suggest something more cozy. Existing partnerships can deepen.

Libra (Sept. 23-Oct. 22) - More than any other sign, partnerships and close friendships are important to you because you like to have someone else sitting on the other end of your teeter-totter. You enjoy the company of others. Today a romance with a boss or someone in a position of authority might blossom. (You might attract money.)

Scorpio (Oct. 23-Nov. 21) - Romance with someone who is different or from another culture might begin for some of you today. Or if this flirtation has been smouldering behind the scenes, things might deepen in a more obvious way? Explore opportunities to express your creative talents.

Sagittarius (Nov. 22-Dec. 21) - Partnerships and close friendships are your strong focus now because the Sun is opposite your sign. However today, you want to hide and seek privacy. You might enjoy solitude.

Capricorn (Dec. 22-Jan. 19) - This is a wonderful day for romance, flirtations and unusual connections that stir your heart. This might occur with a friend or a partner or your spouse. Something will make you appreciate someone else in a special way, which is really a blessing for you both.

Aquarius (Jan. 20-Feb. 18) - Romance is in the air today! For your sign, this seems to be obvious for some reason. Perhaps you will announce a new relationship to your friends or the world? Or perhaps a secret relationship is suddenly made public? Possibly, others are talking about your love life? Be aware of this.

Pisces (Feb. 19-March 20) - Toujours l'amour! Romance definitely blossoms today, which means some of you might strike up a flirtation with someone. Or you might encounter new love? Or an existing love might be ignited in a fresh way! You will also feel tender sympathy towards children. Meanwhile, enjoy the arts.
