NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

BARTENDER JOB OPENING PAGE 2 - ST. PATRICK'S DAY

MUSIC BY OWEN SULLIVAN & FRIENDS

PHONE (902) 736-3206

I first became aware of M. Night Shyamalan's work when I saw his 1999 film "The Sixth Sense", and his truly amazing follow-ups such as "Signs", "The Happening", "The Village", "Unbreakable" and many more-all having those signature twists, turns and slow burns that define the M. Night cinematic experience. Granted, I do know people that will not watch his movies, and for sometimes indescribable reasons just say that its not their 'cup of tea'. I understand that. This is his latest, "**Knock At The Cabin**", and without giving too much away here I'll say that the story is about a same-sex couple who are vacationing at a remote cabin with their daughter when four strangers show up and take the 2 dads and their daughter hostage. For a reason I will not divulge here the kidnappers are more terrified than the hostages are (who are indeed terrified) because the family must make the choice to sacrifice one of their own, to stop the end of the world. The invaders cannot kill any of the hostages-and every "No" that the family utters has

deadly and surprising consequences for the kidnappers. This is where M. Night shines his cinematic magic as tensions do a slow but still intense burn, until the boiling point seems inevitable. He's also assembled an amazing cast with Dave Bautista as the leader of the kidnappers, Jonathan Groff and Ben Aldridge as the dads, Harry Potter star Rupert Grint as one of the kidnappers and Kristen Cui as the daughter. There's no denying that much of this film's watch-ability is because of the riveting quality of the acting. Alas, the moment of truth arrives; this movie had mixed reviews, made big bucks at the box office but I have to honestly say that I was a bit disappointed at the end-it was as if the viewer was promised a hot air balloon ride-then finds out that the balloon is only going 4 feet up in the air.

Old Time Radio And Music Podcasts

The New Adventures of Sherlock Holmes was an old-time radio show which aired in the USA from October 2, 1939 to July 7, 1947. Originally, the show starred Basil Rathbone as Sherlock Holmes and Nigel Bruce as Dr. Watson. Together, they starred in 220 episodes which aired weekly on Mondays from 8:30 to 9:00 pm. Bromo Quinine sponsored some of the earlier programs on the NBC Blue Network and for a period Parker Pen was the sponsor. The show first aired on the Blue Network but later moved to the Mutual Broadcasting System.

Basil Rathbone's last episode as the famous detective was "The Singular Affair of the Baconian Cipher." He was eager to separate himself from the cast type of Holmes, and even though the show's sponsor Petri Wine offered him generous pay to continue, he decided to move on. Once he did, the sponsor did as well, and Tom Conway took the starring role, though Nigel Bruce got top billing and was always announced first. The new sponsor was Kreml Hair Tonic for Men, and the new series only lasted 39 episodes.

- TAX TIPS 2022 -**NEW FOR 2022 TAX RETURNS**

If you received federal, provincial, or territorial government COVID-19 benefit payments, such as the Canada Recovery Benefit (CRB), Canada Recovery Caregiving Benefit (CRCB), Canada Recovery Sickness Benefit (CRSB) or Canada Worker Lockdown Benefit (CWLb), you will receive a T4A slip with instructions on how to report these amounts on your return. These slips are also available in My Account for Individuals.

If your income was tax exempt - If your CRB, CRCB, CRSB, or CWLb income is eligible for tax exemption under section 87 of the Indian Act, complete Form T90, Income Exempt from Tax under the Indian Act, and file your 2022 Income Tax and Benefit Return or simplified return to claim the tax withheld on your CRB, CRCB, CRSB and CWLb payments. For more information about taxes and benefits for Indigenous peoples, go to Taxes and benefits for Indigenous peoples. Request to deduct federal COVID-19 benefits repayment in a prior year.

Air quality improvement tax credit - If you were self-employed or a member of a partnership in 2022, you may be eligible to claim a refundable tax credit equal to 25% of your total ventilation expenses to improve ventilation or air quality at your place of business. For more information, see line 47557.

Critical mineral exploration tax credit - The critical mineral exploration tax credit (CMETC) is a new 30% investment tax credit for the exploration of specified minerals. The CMETC will only apply to expenditures renounced under eligible flow-through share agreements entered into after April 7, 2022 and before April 1, 2027. For more information and to claim this credit, see Form T2038(IND), Investment Tax Credit (Individuals).

Disability tax credit - For 2021 and later tax years, an individual diagnosed with type 1 diabetes is deemed to have met the two times and 14 hours per week requirements for life-sustaining therapy. For more information, see Guide RC4064, Disability-Related Information, or go to Tax credits and deductions for persons with disabilities.

First-time home buyers' tax credit - The amount used to calculate the first-time home buyers' tax credit has increased to \$10,000 for a qualifying home purchased after December 31, 2021.

Home accessibility tax credit - The annual expense limit of the home accessibility tax credit has increased to \$20,000. Labour mobility deduction for tradespeople.

BEWARE OF TAX SCAMS - This is the time of year when scammers try to get you to give them information so they can steal your return. CRA does NOT request information over the phone and does not ask you to purchase Gift Cards. Don't fall for requests to pay out money or face prosecution.

March Is Fraud Awareness Month

Scammers are working every day to try and scam you out of your money, especially with phone and internet scams. During Fraud Awareness Month, take a look at the common scams trying to get you to part with your money.

TAX SCAMS - CRA will never request personal information over the phone or via email. Never give out social insurance numbers, bank account numbers and **NEVER** send money or gift cards even if the scammers try to pressure you that you will face arrest for not complying.

CRYPTO SCAMS - Canadians are being scammed out of record-breaking dollar amounts via cryptocurrency investment fraud. According to the Canadian Anti-Fraud Centre, Canadians reported losses of \$308.6M to investment fraud in 2022 compared to \$164M in 2021. Of those reports, many involved Canadians investing in cryptocurrency after seeing a deceptive ad.

DELIVERY SCAMS - I seem to be getting a lot of fake emails purporting to be from Fedex, UPS or Amazon advising me there is a problem with an item I have purchased. Be careful of this one as the scammer is trying to get your personal information. Check with your carrier/purchaser to see if there is a problem before you answer any email.

CHARITY SCAMS - A lot of groups and organizations raise funds via the internet. Always check with the group, do some investigation before you donate. You may go to the website and it looks legitimate but really is fake and the scammers not only get your donation but have access to your credit card information.

FAKE BUSINESS SCAMS - If you run a small business, carefully watch your email. You may get a fake invoice for items you did not order or get a notice saying that your invoice payment is overdue. If you are in a hurry, you may think this is a legitimate invoice, always check.

INTERNET SECURITY SCAMS - You may click on a link and suddenly a notice pops up saying your computer is being hacked and you need to contact the security company (many times it is supposed to be MICROSOFT). It will tell you not to turn off your computer, do **NOT** click any further, turn your computer off and it will disappear.

GRANT'S TIMELY HOROSCOPE

Aries (March 21- April 19) - You will enjoy cocooning at home today by yourself; or you might like a heart-to-heart talk with a family member because family conversations will be warm and mutually supportive today. Yes, you feel warm and friendly; nevertheless, you will welcome some privacy and downtime.

Taurus (April 20- May 20) - This is a great day to interact with others, particularly younger people. Get out and be involved with groups and organizations. Share your ideas because others need to hear your perspective, which will be sympathetic and compassionate. Don't be afraid to speak up.

Gemini (May 21- June 20) - You make a fabulous impression on others today, which is why bosses, parents and people in authority will be impressed with you. In fact, some are so impressed with you, a romance might blossom! Meanwhile, you might boost your income today. Ka-ching!

Cancer (June 21- July 22) - This is a powerful day for you because the Moon is in your sign dancing with Neptune, while Venus and Jupiter line up at the top of your chart. People see you as benevolent, attractive and successful. (A winning combo!) Meanwhile, tonight you want to party!

Leo (July 23- Aug. 22) - Travel for pleasure totally appeals today. Meanwhile, you might develop a crush or a new romance with someone who is "different." This is a solid day to discuss inheritances and issues regarding shared property because you will come out laughing all the way to the bank. Tonight, passion rules!

Virgo (Aug. 23- Sept. 22) - This is a wonderful day to schmooze with friends and partners because you are happy to see them and you want the best for them. Naturally, they will warm to your good feelings for them, and will want to share good times with you! It's a marvellous evening to have fun and enjoy a date.

Libra (Sept. 23- Oct. 22) - This is a productive day and you will accomplish a lot in a very pleasant way because others are cooperative and helpful. In fact, someone might be so helpful that a new romance or flirtation might begin. Relations with partners and friends are excellent. Share good times with someone this evening.

Scorpio (Oct. 23- Nov. 21) - Put on your dancing shoes because it's time to paint the town red! This is a wonderful day to socialize with others. It's also a great day to enjoy fun activities with children, sports events, the arts, the theatre, movies and above all romance, romance, romance! Get out the glitter!

Sagittarius (Nov. 22- Dec. 21) - You will enjoy entertaining at home today. Certainly, family gatherings will be loving, upbeat and warm hearted. In fact, family members will help each other, especially with home repairs. This is a great day to enjoy kids' activities as well. Meanwhile, romance is in the air!

Capricorn (Dec. 22- Jan. 19) - A warm, heart-to-heart discussion with a partner or close friend will be a bonding experience for both parties today. In fact, whatever transpires might shift a platonic friendship to a romantic level. (Anything is possible because this is a very romantic day and people feel particularly cozy.)

Aquarius (Jan. 20- Feb. 18) - If shopping today, you might be tempted to buy something elegant and luxurious. (Might even be a plane.) Caution about self-indulgence. Nevertheless, social outings will be fun and romantic! "And a good time was had by all."

Pisces (Feb. 19-March 20) - You are a sensitive romantic. It's important to know that today, and this evening, might be one of the best times to have a romantic date in the entire year! Gifts and goodies might come your way. You feel sociable and eager to reach out to others.
