NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

St. Andrew's Presbyterian Church Will Celebrate their 182nd Anniversary

On Saturday, May 27th at 7 p.m. St. Andrew's Presbyterian Church here in Sydney Mines will be celebrating their 182nd Anniversary as a congregation and you are all invited to join us for this wonderful celebration time.

This year the congregation has decided to celebrate with a Hymns, Hopes and Inspirational concert with the band Chalk Dust. In the past two years the church was forced to put off any and all celebrations for their Anniversary due to Covid and now this year with restrictions lifted they have decided it was time to celebrate life once again.

The members of Chalk Dust will entertain you with a variety of hymns, plus inspirational and contemporary music. Roy Dawson, Ian MacLeod, Jimmie Campbell and Jennifer MacDonald will certainly make this evening one which will leave your heart just a little lighter.

During the concert there will be a short break where the ladies of St. Andrew's will be serving tea, coffee and homemade cookies for a snack at a very low price. This is a time to come out and socialize and meet old friends or people you haven't seen in a while.

So please join the congregation of St. Andrew's in celebrating their 182nd Anniversary on Saturday, May 27th at 7 p.m. Come and enjoy a night out and just relax as you listen to old time hymns and other beautiful music provided by Chalk Dust.

I often check Atlantic Music's Facebook page to see what's up and coming in Newfoundland's music scene, eventually writing reviews on many of their artists. That led me to Evelyn Jess, her YouTube channel, and this, Evelyn's debut CD "Bare Bones". According to her online bio; "Evelyn Jess is an openly gay, female singer-songwriter from the outport town of Ragged Harbour, Newfoundland. Growing up singing in church choirs and Lions Clubs, she dreamed of bigger stages and brighter lights. Currently residing in Conception Bay South, NL, Jess has developed a style that is easy listening, while tackling big ideas and challenging norms. Her quirky, heartfelt songs cover everything from her struggles with mental health to the disappearance of the Canadian penny". To me that word "quirky" can also mean refreshingly original-as is the case here. The album opens with the hauntingly beautiful song "Trepassey In June" and as one hears the lyrics one realizes that it's about Amelia Earhart's time in Newfoundland before her historic trans-Atlantic

flight in 1928. Without mentioning every song I'll just say that "Bare Bones" starts off subtly, and then builds to a more uptempo and personal number where Evelyn's vocals remind me of a mix of Gwen Stefani and Melissa Etheridge, and "Home To Newfoundland" will tug at the heartstrings around here with the lyrics "the kettle on the stove" and "feet in the sand". Continuing on, the song "Waves" is a reflection on what could have been, and what now is. It's a very strong message-and "One Big Mess" is a mid-tempo ode to that special one. The album closes off with "Cape Cod By The Sea", and this one will strike a chord with all of us who think back to their younger days, and the importance of family and home-and how we long for days gone by. All in all Evelyn Jess had gifted the listener with an album full of lyrical magic. Check out www.evelynjess.com and @evelynjessmusic for more. P.S.-I love the CD's cool cover.

OLD TIME RADIO & MUSIC PODCASTS

GUY LOMBARDO PODCAST - Bandleader Gaetano Alberto "Guy" Lombardo (June 19, 1902 – November 5, 1977) was a Canadian and American bandleader, violinist, and hydro-plane racer.

Lombardo formed the Royal Canadians in 1924 with his brothers Carmen, Lebert and Victor, and other musicians from his hometown. They billed themselves as creating "the sweetest music this side of Heaven." The Lombardos are believed to have sold between 100 and 300 million records during their lifetimes, many featuring the band's lead singer from 1940 onward, Kenny Gardner.

Lombardo was born in London, Ontario, Canada, to Italian immigrants Gaetano Alberto and Angelina Lombardo.

- TAX TIPS 2022 -

SELF-EMPLOYED TAX DEDUCTIONS

You might be self-employed if:

You're a freelancer, independent contractor, or gig worker; or
You have a side hustle (like selling handmade candles on Etsy or running a local dog-walking service).

If you're self-employed, you'll need to report your business income on your personal income tax return using the Statement of business or professional activities (T2125 and TP-80).

DEDUCT YOUR BUSINESS EXPENSES - You might be able to claim some of your business expenses to reduce the taxes you owe. Keep in mind, these expenses must be work-related – you won't be able to claim personal expenses. Here are some common types of expenses that you can claim on the Statement of business or professional activities (T2125 and TP-80):

SUPPLIES - You can deduct the cost of items your business used to provide goods or services. For example, if you run a plumbing business, you can deduct the cost of cleaning supplies. You can also deduct the cost of office supplies, such as pens, paper, staplers, and more.

However, you can't deduct the cost of personal supplies or services. For example, you can't claim the cost of dry cleaning or hair styling products that you used for yourself, even if you needed to look presentable for your business.

VEHICLES - If you have a company car, or use your personal vehicle for work, you can claim some of the costs you paid to maintain it, such as:

Fuel; Repairs and routine maintenance;
Insurance; and License and registration fees.

Make sure you keep your receipts and keep a record of the kilometers you drive for work-related reasons (since you can't claim the kilometers you drive for personal reasons). You'll need these details in order to deduct your expenses.

TRAVEL - If you travelled for work, you might be able to deduct the costs for flights, ground transportation, hotels, and 50% of what you paid for meals.

HOME OFFICE - If you run your business from home, even if it was for the first time this year, you can deduct your home office expenses. Eligible home office expenses might include:

Home Internet access fees, some of the rent or mortgage interest you paid for your home; and Utilities such as electricity and heat. The amount you can claim depends how much of your home is used for your business. For example, let's say your home has 4 rooms and one of them is your office. If you want to claim your rent and utilities, you can claim 25% of these costs!

YOUR WEEKLY HOROSCOPE

Aries (March 21- April 19) - For some reason, people seem to know personal details about your private life today. Be aware of this in case you have to do some damage control. We all have secrets and skeletons in our closets. (Especially those who claim they don't.)

Taurus (April 20- May 20) - You will feel happier today if you can change your routine or do something different. You want a little excitement in your life! Ideally, you would love to travel or take a short trip. Why not be a tourist in your own city? Go someplace you've never been before.

Gemini (May 21- June 20) - It will be in your best interests to take care of red-tape details related to taxes, debt, insurance matters, wills and inheritances - all that fun stuff that doesn't go away on its own. Brace yourself and decide to tackle some of this. Ironically, when you finally do - it's not so bad. And Mercury retrograde will help you finish old business quickly!

Cancer (June 21- July 22) - With the Moon opposite your sign, you're focused on your most personal relationships. Difficulties will be more emotional. Therefore, be careful that you don't react in an automatic "knee-jerk" fashion. Avoid intense confrontations.

Leo (July 23- Aug. 22) - This is a good time to make an effort to get better organized both at home and in your work. If you do this, no matter how little you accomplish, you'll love yourself for it later! "Why did I wait to do this until now?" Do yourself this favour. Take a breath and jump in.

Virgo (Aug. 23- Sept. 22) - Today, you have a strong need to be yourself, which is why you should stick up for what you want. You don't have to conceal your feelings from others. You're allowed to feel whatever you're feeling. Today you might feel protective and nurturing toward someone, especially children.

Libra (Sept. 23- Oct. 22) - You'll be happy to cocoon at home today if you can. It's important for you to like your surroundings at home - colours, lighting and furniture arrangement because you're affected by your immediate environment more than other sign. You like matching towels in the bathroom.

Scorpio (Oct. 23- Nov. 21) - When talking to others today, you'll want to discuss something important or meaningful. You don't want to spend time in idle chitchat about the weather. This is why you will seek out someone who is willing to engage you in a meaningful way.

Sagittarius (Nov. 22- Dec. 21) - You might have some excellent moneymaking ideas today. Or perhaps you have ideas about how to save money. You might even see better uses for something that you already own because of your resourceful frame of mind.

Capricorn (Dec. 22- Jan. 19) - For 2 1/2 days every month, the Moon is in your sign, which means your luck is slightly better. (Admittedly, you'll feel more emotional.) Nevertheless, because you have the edge over all the other signs right now, ask the universe for a favour.

Aquarius (Jan. 20- Feb. 18) - Although you have a desire to be low-key today; nevertheless, you can use this same energy to do research and find answers to old questions or discover solutions to old problems. Plus, you have a scientific mind. (Oh yes, don't leave home without your deerstalker.)

Pisces (Feb. 19- March 20) - Because your emotional contact with friends is important to you today, reach out and meet a friend for lunch or coffee or talk to them in some way. You might feel more protective for them and want to support them or help them if possible.
