NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

It's a fact that Metallica are the biggest Heavy Metal band in the world-and they deserve all of that success. Since 1981 the band has been blasting out hard-core thrash metal like no other band could, and I was lucky enough to see them perform live at Centre200 way back in the day. This is the band's eleventh studio album, and where it's been almost 7 years since the last one fans are ready for some new Metallica-tracks. To be honest I was expecting more of the same here but was pleasantly surprised to hear fresh riffs; the album opens with "72 Seasons" as the old-school NWOBHM (New Wave of British Heavy Metal) sound ushers in a crushing musical onslaught, and "If Darkness Had A Son" takes the listener back to the "And Justice For All" days. Of the album's title James Hetfield said; "72 seasons. The first 18 years of our lives that form our true or false selves. The concept that we were told 'who we are' by our parents....Much of our adult experience is reenactment or reaction to these childhood experiences. Prison-

ers of childhood or breaking free of those bondages we carry". The first single released was "Lux Aeterna" and that over the top sonic blast grabs the listener by the throat and rams down just what makes Metallica the kings of Heavy Metal. As usual Kirk Hammett's guitar work is exceptional-as is James's. Of course Lars Ulrich's drumming and Robert Trujillo's bass work drives the vicious low end. Without mentioning every song here, I was really impressed by "Sleepwalk My Life Away", "You Must Burn" and "Too Far Gone". I'm gonna commit Metallica blasphemy now by saying that I wish this album had another singer in addition to James Hetfield, but I'd say the same about Iron Maiden or Megadeth-just for variety's sake. All in all, this is a great return for Metallica. The album is available at Atomic Records & Collectibles in Sydney River.

OLD TIME RADIO & MUSIC PODCASTS

The Boston Blackie radio series, also starring Morris, began June 23, 1944, on NBC as a summer replacement for The Amos 'n' Andy Show. Sponsored by Rinso, the series continued until September 15 of that year.

Unlike the concurrent films, Blackie had a steady romantic interest in the radio show: Lesley Woods appeared as Blackie's girlfriend Mary Wesley. Harlow Wilcox was the show's announcer.

On April 11, 1945, Richard Kollmar took over the title role in a radio series syndicated by Frederic W. Ziv to Mutual and other network outlets.

Over 200 episodes of this series were produced between 1944 and October 25, 1950. Other sponsors included Lifebuoy Soap, Champagne Velvet beer, and R&H beer.

2023 CRA Strike Information

What you need to know about the CRA strike

IS THE CRA GOING TO EXTEND THE TAX DEADLINE?

As of now, the CRA has not decided to extend the deadline.

HOW LONG WILL THE STRIKE LAST?

While the strike started on April 19th, the length of time is indeterminate. At this point, the strike will continue until both sides can agree to a go forward plan.

WILL MY REFUND BE DELAYED?

Potentially. The best choice is to file as soon as possible. Traditionally the CRA has processed returns in the sequence it received them so even if there's a delay your return would be processed before others who filed later.

I NEED MY REFUND NOW!

If you have a refund over \$600 you can get an Instant Refund in any participating office across the country.

WILL MY GOVERNMENT BENEFITS (CLIMATE ACTION INCENTIVE, GST/HST, CHILD TAX BENEFIT, ETC.) BE DELAYED?

Potentially. The best choice is to file as soon as possible. Traditionally the CRA has processed returns in the sequence it received them so even if there's a delay your return would be processed before others who filed later.

TAX DEADLINES

Typically the most important tax month as taxes are historically due then, but since the last day of April falls on a weekend this year, taxes are actually due Monday, May 1st, 2023.

Any taxes owing balance is due today too. Even for those self-employed and therefore not required to file until June 15th – your taxes owing balance is due to be paid today too.

June 15th, 2023, is the tax filing deadline for those self-employed.

Because of the Strike, if you have any tax questions, contact your Tax Professional for the answers.

Northside Rising Free Screening

Northside Rising, through the program Safe Spaces Network, aims create a more trauma-informed community - working

together to create communities that are safe, welcoming, and inclusive-through learning, collaboration and community events. Offering free monthly film screenings and community conversations March through July 2023.

This Thursday, May 4, we will be hosting the second documentary in the series: **Paper Tigers**. Using a combination of verite and diary cam footage, it follows a year in the life of a high

school that has radically changed its approach to "disciplining" its students, becoming a model for how to break the cycles of poverty, violence and disease that affects families.

"I think of these events as an experiment in empathy, an opportunity for us (together) to grow the skills, connections and hope for the change we want to see, and be a part of creating," says Suzi Oram-Aylward, Safe Space Network Coordinator with Northside Rising.

Paper Tigers Screening and Community Discussion is happening this Thursday, May 4th at 7pm (doors open at 6:30 pm) in Gallery 211 at Eltuek Arts Center, 170 George St., Sydney.

YOUR WEEKLY HOROSCOPE

Aries (March 21- April 19) - This is a tough day, pure and simple. Parents might be challenged dealing with their kids. Romantic partners might be at loggerheads. Disputes about the cost of a vacation or a social occasion or something to do with sports or your kids might also arise. (Maybe a sorry topic from the past?) Hang in there.

Taurus (April 20- May 20) - This is a challenging day, and it's best if you know this right off the bat --then you can gird yourself and be prepared. Relations with parents, bosses, VIPs, teachers and the police will be tough. Even family dynamics will be testy. Take a step back. Give everything some space. Don't get involved.

Gemini (May 21- June 20) - Power struggles and quarrels about politics, religion or practically anything might arise today. They will catch you off guard because you don't see it coming. The secret is - don't take the bait. You don't have to respond. Refuse to get embroiled. Walk away.

Cancer (June 21- July 22) - Money squabbles as well as difficulties with friends and groups are par for the course today. These arguments might be about real issues, or they could be naked power struggles. Either way, you don't need this. Channel your energy somewhere else.

Leo (July 23- Aug. 22) - Because the Moon is in your sign today, you are more excitable and more emotional than usual. On top of this, you might be at odds with authority figures - parents, bosses, teachers and the police - a dangerous combo! Take a step back. Remove yourself. Take the high road.

Virgo (Aug. 23- Sept. 22) - People might become embroiled in issues perhaps related to your job, your health, a pet or broader social issues dealing with politics and religion. Don't get involved in these today because a resolution will not be easy. People will argue. Do something else.

Libra (Sept. 23- Oct. 22) - You like harmony in your surroundings (even though you're an excellent debater). Today people are at odds about financial issues, social plans, inheritances and shared property. Because there is a volatile energy to everything - don't get involved. Sidestep this.

Scorpio (Oct. 23- Nov. 21) - Power struggles with authority figures as well as partners and close friends could be nasty today - but only if you participate. If you remove yourself from this equation, you are protected. Decide not to get involved because things are too difficult today. (You gotta know when to hold and when to fold.)

Sagittarius (Nov. 22- Dec. 21) - Squabbles with siblings, relatives and neighbours might arise today. Ditto for difficulties with coworkers. If you get embroiled, you'll end up with egg on your face. (Ketchup helps.) Far better to avoid these quarrels and discuss these matters on another day. Ya think?

Capricorn (Dec. 22- Jan. 19) - Money issues about social occasions, kids, the arts, as well as arguments about the division of labour or shared expenses, (especially with romantic partners) are classic today. But you always have a choice. You can get involved and argue, or you can choose to not get involved. It's allowed!

Aquarius (Jan. 20- Feb. 18) - Domestic problems might be a drag today. Dealing with partners, close friends and parents (especially family you haven't seen for a while) might get you down. If you can remove yourself from this situation that would be ideal. (Not always possible.) Stay objective.

Pisces (Feb. 19- March 20) - This is a mildly accident-prone day for you because heightened feelings, especially about angry encounters with others, might be a distraction that causes you to have a physical accident, or to say something that you will later regret. Don't let this happen. Maintain your cool. Stay chill and be a role model for others.
