NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

PAUL POWER

What would you think if I told you about a new movie featuring Will Ferrell, Jamie Foxx, Randall Park, Sofia Vergara, Isla Fisher and more great actors? What if I also told you that particular movie "Strays" is all about dogs....live action talking dogs, and that it is a fantastic movie. Interested? BUT- and it's a big but (no pun intended) this flick is also filthy, tasteless, raunchy as 'ol heck and wickedly funny. I very much enjoy raunchy comedies and the best comparisons I can think of in this case are the movies "Sausage Party" and "Good boys"; if you've seen either or both of these you'll know what to expect here. It's the story of Reggie, a mutty little border terrier who gets abandoned far away from home by his douchebag owner Doug (played by the great comedian Will Forte) and how Reggie meets a mangey, motley crew of

other strays who educate him in the school of hardknocks, and how to survive on the streets. I can honestly say that if I had a dollar for every time I said "oh my god they didn't" while watching this movie I'd be a wealthy man-but again this is an R rated movie, and IS DEFINITELY NOT FOR KIDS! On the movie website Rotten Tomatoes they said this: "Crudely effective and effectively crude," "Strays" is more amusing than hilarious, but this comedy's scattershot humor is partly offset by its surprisingly big heart." It's hard not to feel for Reggie and his pack. So if you're looking for something to watch, and you don't mind blue comedy then let your choice go to the dogs. You'll laugh your kibbles n bits off.

BINGO & CRISPY CRUNCH BARS

My mother and my grandmother loved Bingo. They went two or three nights a week. They liked to go early so they could get a good seat so they could spread their cards out. They would take little snacks with them and my grandmother's favorite snack was Crispy Crunch candy bars and she would take two each night.

Just before the game was about to start, a woman sitting on the other side of the table took one of the bars and started to eat it. My grandmother was angry and snatched the other one and started to eat it. They glared at one another all night long until the Bingo was over.

On the way home my grandmother told my mother what happened and couldn't believe how "brazen" the other lady was eating her bar.

As my grandmother approached the house, she reached into her purse to get the house keys. There in the bottom of her purse was her two Crispy Crunch bars.

That explained the dirty looks the other player was giving my grandmother. My mother's comment was, "Grandma was in a real tizzy."
