Unlike the conventional methods of rust proofing which tend to work as coating, a KROWN treatment actually displaces moisture and creeps into the inner metal fold of the vehicle - the areas where the most rust problems start. The KROWN formula remains active as an invisible barrier to repel moisture and salt and prevent it from re-entering the metal. The KROWN product can be applied in any season and weather.

NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

The warmest room in our home
is the kitchen
Brimming with a family's love
Going about daily duties,
Fortified with a steaming cup.

Our day begins in following
setting,
Father reading morning news
All wrapped up in concentration
As baby continues morning
snooze.

Spell of day is broken,
By rattling of forks and spoons
Mother preparing breakfast
Aroma filling the room.

First on way is Peter,
Followed by sister Jane
Father a hugging mother,
Heads off again

Normalcy returns to our kitchen,
Mom in peaceful bliss,
Relishing the moment,
As baby spills cereal dish.

Father's Day Smiles

Dead Sea Gull - A father was at the beach with his children when his four-year-old son Bob ran up to him, grabbed his hand, and led him to the shore, where a seagull lay dead in the sand.

"Daddy, what happened to him?" Bob asked. "He died and went to Heaven," the dad replied.

Bob thought a moment and then said, "Did God throw him back down?"

POOR PREACHER - After the church service a little boy told the pastor, "When I grow up, I'm going to give you some money."

"Well, thank you," the pastor replied, "but why?"

"Because my daddy says you're one of the poorest preachers we've ever had."

Tomb Raider - Sometimes movie reboots work, sometimes they don't. In this case it worked out wonderfully. Not only is this "Tomb Raider" a great movie, it is infinitely better than the 2001 and 2003 films starring Angelina Jolie. In this case Lara Croft (played by Swedish actor Alicia Vikander) is much more likeable, and more believable than Jolie's portrayal of the same character, which at the best of times was basically flat, cold and 2 dimensional- the best com

parison I can think of is that Jolie

played the game version of Lara Croft-whereas Alicia Vikander plays a three-dimensional female version of Indian Jones, and that is a great comparison because this movie is very much like an Indiana Jones flick. The sets and locations are amazing, and without giving too much of the plot away the storyline is believable, and outright creepy.

The film starts off with a voiceover by Lord Richard Croft (Dominic West) as he details the legend of an ancient Japanese sorceress named Himiko. It was said that she held power over life and death, and one touch from her was enough to kill anyone. Her war generals overthrew her and buried her

body on the island of Yamatai, to prevent her evil from spreading. Lord Croft wanted to learn more about Himiko's dark secrets, but was reluctant to leave his daughter behind- which of course he ultimately had to do as she was still in her early teens at the time, and he knew the journey would be dangerous, possibly deadly. Along for the ride with Vikander we have the amazing Walton Goggins as the main bad guy, and as mentioned earlier Dominic West as Lara's father, who mysteriously disappeared close to 10 years beforehand.

Over the years I have seen major Hollywood blockbuster movies that did not have the believability, and likeability that this movie has, and that's down to Alicia Vikander's portrayal of Lara as she turns Lara Croft into a powerful woman, capable of taking down opponents with dexterity and speed-overcoming her smaller physical stature by being smarter and more clever than her opponents, and being deadly with a bow and arrow. As touched on earlier Vikander also manages to make the Lara Croft character very likeable, and memorable. She did this with her acting skills, not by just being a big-name Hollywood actress-like someone else tried to do before her. Welcome back Lara Croft, we want to see more of your adventures.
