The KROWN formula remains active as an invisible barrier to repel moisture and salt and prevent it from re-entering the metal. The KROWN product can be applied in any season and weather.*

### NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

**Dee Snider – “For The Love Of Metal”** - Some people think that Dee Snider was just an over-the-top, outspoken, makeup covered loudmouth that fronted the band Twisted Sister; well it is a pleasure to educate you to a number of facts about Dee Snider: yes, admittedly Snider was a bit of that, but he is also a successful rock radio DJ, voice-over artist, author, actor and all-around bad ass metalhead.

It's pretty much a done deal that Twisted Sister are done-no more tours, and no new music for a number of personal and financial reasons. However, that was never going to hold Dee Snider down. After TS broke up, Dee went on to form bands and release albums under the Widowmaker and Desperado names, as well as recording a solo album-and heck he even did an amazing job in the Broadway show “Rock of Ages”, and played a total psycho serial killer in the movie “Strangeland”, for which he also wrote the script. He's been in other film and television productions as well, but is known first and foremost as a rock and roller. I bought Dee's autobiography (great book), and have all of his albums and CD's, so I am not an objective voice-I am biased towards great heavy metal music-and Dee Snider is one of my favourite vocalists.

This album is actually a first

for Dee-one where other people wrote all the songs. So, is that a negative? Nope. The album kicks off with the gatling gun-like “Lies Are A Business”, a song that is probably one of the heaviest numbers Dee has ever wailed on-it's pure Thrash Metal, and intense. Things do not slow down one bit as the throbbing bass intro to “Tomorrow's No Concern” whips up frenzy, and the patriotic tinge of “American Made” blasts forward like fire and gasoline, waving the flag of heavy metal USA style.

As for some of the other songs, there are big hints of Twisted Sister on “I am The Hurricane”, and “Roll Over You” will do just that if you try to ignore it; plus the song “I'm Ready” is pure audio adrenaline.

Dee Snider is well known for being a great ballad singer-but the closest he actually comes here is on the song “Dead Hearts (Love Thy Enemy)” as Arch Enemy frontwoman Alissa Gluz-White duets with him. To be honest, I would have liked to hear more of him-less of her on the track.

There's a dozen great songs on the album, which closes off with the namesake track; “For The Love Of Metal”, and it's super-cool as Dee name drops a batch of classic metal song titles throughout the number-reminding us fans what great heavy metal is all about. Once again, Dee Snider says to us “I Wanna Rock”, and he does.

**ITALIAN CLUB ANNUAL BBQ** - Shown above is Glen Gray, K-LEE RADIO, playing the music at the Annual Italian Club Barbecue at Di'Michelles residence in Coxheath. The weather was terrific as was the food and the new friends. There were games and a delicious steak dinner to finish off the day.
