NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

Town Re-Enactment Of World War 1 Armistice

The Western Union Telegraph Office in North Sydney was the main relay office between Europe and North America - all messages came through that office.

On November 10th a message came through that Peace was to be observed "on the eleventh hour, of the eleventh day, of the eleventh month".

Word spread quickly and the celebrations began immediately well into the night and the North Sydney Historical Society is planning to commemorate the 100th anniversary of that event.

SATURDAY -

NOVEMBER 10th, 9:30 am - Re-enact the receipt of Western Union Telegraph armistice message at the North Sydney Museum.

10:00 am - Town Crier reads the message for all to hear - at the Museum.

10:30 am - Walk will be held at the Emera Centre, North Sydney

2:00 pm - Music & Memories at Ferrisview School gymnasium.

6:00 pm - Concert at the North Sydney Fire Hall, Pierce St., North Sydney and much, much more.

A commemorative WW1 song with local artists will also be launched.

VOLUNTEERS NEEDED - We are looking to enlist 100 participants to walk in front of the Parade and give our noise mak-

ers, flags and rally items.

A fee of \$5.00 is requested to help pay for the cost of hand-outs and Parade items.

Please contact Sandra at - trooprally2018@gmail.com.

Following the Parade, 100 are planned to walk for the telegraph operators, ancestors and those brave souls who fought for you and me.

We thank the many participants for their contribution to our re-enactment - 1917 Vimy Ridge Army Cadet Corps, 562 Cabot Squadron Air Ca-

dets, 129 Caribou Squadron Sea Cadets, Cape Breton Highlanders, Canadian Coast Guard College, Royal Canadian Legion Branch 19, Cape Breton Chordsmen, Cape Breton University Pipe Band, Reverend John Hannem and many other dedicated volunteers.

BOOK LAUNCH RE-SCHEDULED

The upcoming book launch for Let's Jump Again! Volume 2 of the JUMP WITH BOTH FEET! Series. The date has changed due to the renovations going on at the Library. So it is now Tuesday, November 20th at 3:30 pm, still at the Sydney Mines Library.

settings.

A visual testament to his attention to detail, even if it is obsessive. However, as the film progresses things get a bit darker, as Mark talks in-depth about the "inhabitants", their personal lives, and his own miniature-including it's violent torture by the SS, and his rescue by a number of 'resistance maidens'. This is where you can really see how the imaginary world of Marwencol

saved Mark's life-even if the whole notion flies in the face of conventionality, and to a certain degree-sanity.

To show just how unique and captivating this documentary is, this Christmas actor Steve Carell

will star as Mark in the movie "Welcome to Marwen". With an all-star cast including Leslie Mann, Diane Kruger, Gwendoline Christie and Janelle Monae, to name a few, the tiny town will come alive on the big screen-bringing the world to Mark's Marwencol. Last week's column was about the movie "Elvira", and its behind-the-scenes documentary; before that I wrote about the making of movie "The Disaster Artist", and it's real inspiration-the film "The Room". In keeping with that theme-what is being released in December with Steve Carell, this is a great primer documentary-as the others were for their sister movies. Enjoy!

MARWENCOL - Eight years ago I watched this documentary, and at the time it was probably the most unusual and captivating one I had ever seen. It chronicles the life of Mark Hogancamp, who was attacked in 2010 by 5 men outside a bar in New York-they

nearly beat him to death. Mark spent 9 days in a coma and another 40 days in the hospital, then was discharged because he couldn't pay for the therapy. Mark had no memories of his previous life

before the attack (a married navy man and an alcoholic) but found another life, and another world in the tiny town (literally) of Marwencol. Mark created the entire town in a one-sixth scale World War II Belgian town design-complete with inhabitants (think 12 inch G.I. Joe's and Jane's) and story lines for each figure.

A number of them look like his family and friends. For fans of military modelling and action figures (like myself) this film is a great treat to watch; the detail in everything is amazing. The documentary opens up with a photo collage of Mark's handiwork-and at first the majority of the shots look like living persons in outdoor
