NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

St. Andrew's Presbyterian Church Presents The Miners' First Noel IV (A very special Christmas concert)

With Christmas approaching so quickly, we are all getting stressed over what to get that special someone or a family member who has everything. Well this year we have your problem solved. Why not give the gift of music – concert tickets make a great gift.

As in the past few years St. Andrew's will be presenting the Miners' First Noel Christmas Concert with Bob Quinn and friends. If you have ever attended one of the Miners' First Noel Concerts at St. Andrew's you know you are in for a real treat. The Miners' First Noel Concerts have been a huge success with a line-up of performers that are not only professional but also top notch. On Friday, December 28th, at 7:00 p.m. Bob Quinn will take the stage with a cast of all star performers to make this your ultimate Christmas Concert. You will see some familiar faces as well as new faces.

This year's line up will include Lucy MacNeil with daughters Kenna and Amelia, Stewart MacNeil, Bob and Jennifer (Whalen) Quinn, along with their daughter Kate Quinn and husband Matt McIsaac. But wait that's not all. We also have Tony Quinn with his daughter Shannon. Tony has been an entertainer and singer for more than 30 years and is from North Sydney. A lot of people on the Northside will be familiar with his humour and singing. This year he is joined by his daughter Shannon who had been performing with her dad for years. Shannon who was born in Halifax, has been a fiddler and vocalist for more than 16 years. For the past couple of years Shannon has been internationally touring with her music but always enjoys playing with her dad. But wait, there is still more, this year we also have Grant Eisan who is Bob's nephew plus Mackenzie and Cameron Clarke.

So this is one Christmas concert that you won't want to miss. It will be a celebration of music and song in the good old town of Sydney Mines. Tickets are \$28 each and will be available at Shopper's Drug Mart in North Sydney and Sexton's Pharmasave in Sydney Mines in the next week, or you can reserve yours today by calling 902-736-2508.

So mark this date on your calendars, that's Friday, December 26th at 7:00 p.m. at St. Andrew's Presbyterian Church.

Remember concert tickets make a great Christmas Gifts for that someone special.

Bohemian Rhapsody - No doubt many of you have heard about this movie-and may have even seen it. If you did see it you know just how magnificent it is. I knew about the film while it was being made-and when I saw pictures of Rami Malek as Freddie Mercury my jaw

dropped. It was spooky just how much he looked like the lead singer of Queen. Later on I saw a trailer for the movie when I was in the

theatre to watch another film, and that trailer made me want to see "Bohemian Rhapsody" so bad. The film's chronicling of the band's early years was priceless to watch-with Freddie being an over-the-top larger than life character from day 1. He never came across as arrogant though, it was a level of confidence in totally knowing what he was capable of, and what others were as well, combined with his British cheekiness that equalled a talent we have not seen the likes of since his passing in 1991. As amazing as it was to see Rami's transformation into Freddie Mercury, it was just as amazing to see

Gwilym Lee cast as Brian May, Joseph Mazello ("Jurassic Park") as Roger Deacon and Ben Hardy as Roger Taylor. The guys WERE Queen on the big screen. Another casting coup was getting Mike Myers to play a fictional EMI Records executive who had the classic line "We need a song teenagers can bang their heads to in a car. Bohemian Rhapsody is not that song." Um...tell that to Wayne and Garth-right? There's a great

Canadian angle to the music in the film as well; for the songs a c t u a l recordings of Freddie Mercury were cut with some vocals by Rami

and Canadian singer Marc Martel; people will know Marc as the winner of a contest organized by the surviving members of Queen, his numerous appearances with Queen onstage, his killing it on YouTube with fantastic videos and performances on TV shows like "Ellen". Marc also spent over 14 years on tour with his own band "Downhere", and his own Queen tribute act. Plus, Marc looks quite a bit like Freddie Mercury. As a side note-check out Marc's website and his music videos where the spirit of Freddie Mercury can definitely be heard. This movie is pure gold.
