### NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

793 Mahon St., New Waterford - 862-9444 224 Commercial St. North Sydney - 241-9444

## COMMUNITY NEWS EVENTS

### 1,000 FREE AUDIO BOOKS TO DOWNLOAD

Many people are now using their computers to download audio books to listen to at home and while travelling in their cars. Many local libraries have a good selection of audio books and it's easy to use them.

There is a website that has a 1,000 audio books you can download and there's quite a list of literary classics from such authors as Aesop, Jane Austen, Ray Bradbury, Lewis Carroll, Sir Arthur Conan Doyle, Charles Dickens, Alfred Hitchcock, Edgar Allan Poe, Dr. Seuss, Shakespeare, Mark Twain and many more.

With Summer coming soon (so I'm told), it would be nice to have a good selection of titles on hand that you could just sit back or lay on the beach and listen to a classic story read by someone else.

This website is just one of the many that are available and will help you build your new audio for free. Start your downloading now at [www.openculture.com/freeaudiobooks](http://www.openculture.com/freeaudiobooks)

## TAX TIPS COLUMN

Parents, rejoice! The new 2018 federal budget amended the Employment Insurance (EI) parental sharing benefit, allowing parents to take up to five additional weeks of time off, starting in March 2019 after the birth or adoption of a child (a whole three months earlier than before). So, you can continue watching your toddler watch The Wiggles on repeat.

Here are a few things you'll want to take note of about the new benefit when it comes to qualifications:

- Parents with children born or placed for adoption on or after March 17, 2019 will be eligible.
- Parents including same-sex and adoptive parents are eligible for this credit only if both new parents share the time at home with the new baby – an effort to encourage families to share the responsibility of raising children, which is helping boost gender equality in the workplace.
- Parents selecting the standard duration of parental leave could receive up to 40 weeks of parental benefits (an increase from the current 35 weeks).

Parents selecting the extended duration of parental benefits could receive up to 69 weeks of parental benefits (an increase from the current 61 weeks). As well, the Working While on Claim rules now apply to sickness and maternity benefits. Grab your calculator, because this one requires some math to understand. While on maternity leave, some women choose to return to work early, before their EI benefits end. This is allowed and doable, but requires an adjustment in how much they receive in their benefits. A claimant receives 55% of their weekly salary as their EI benefit. When they return to work early, they must subtract 50 cents of each dollar they earn, and this amount will be subtracted from their overall EI benefit. (of purchase was previously 50%) – meaning the amount that can be claimed has tripled. Yes, this one totally deserves a fist-pump.
