Unlike the conventional methods of rust proofing which tend to work as coating, a KROWN treatment actually displaces moisture and creeps into the inner metal fold of the vehicle - the areas where the most rust problems start. The KROWN formula remains active as an invisible barrier to repel moisture and salt and prevent it from re-entering the metal. The KROWN product can be applied in any season and weather.

NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

NS #757 TOPS GROUP NORTH SYDNEY

What is TOPS? TOPS is an acronym for "Take Off Pounds Sensibly". That is what our group is all about. It is not a quick fix, instant weight loss program. It is a non-profit support group for people interested in losing weight and living a healthier lifestyle.

Our local club, NS #757 North Sydney, is 50 years old! That's right 50! Our first meeting was June 3, 1969. We have one member who has been there since the beginning.

With TOPS, we encourage and support everyone. We hold a weekly weigh in and meeting. Members will cheer you on if you have had a great week and encourage you if your week wasn't so great.

We hold regular contests, fun events, walks, swims etc. Once a year we travel to Truro for Area Recognition Days (ARD) and meet with many other TOPS groups from

across Nova Scotia. Once a year we attend a Fall Rally. This year our club is hosting it on October 5th at the North Sydney Fire Hall and it should be lots of fun.

Many members have had great success. Our only male member lost over 65 pounds in 2018. He was honored as Nova Scotia King in Truro this past May.

Our group is always accepting new members. Membership is very affordable with great benefits.

TOPS NS #757 meets every Thursday from 6:00 - 6:55 (weigh in time) with a meeting at 7:00 pm.

Our place is located at St. Matthew Wesley Church, 2 Peppett Street, North Sydney. All are welcome. For more information, feel free to contact Barb Hiscock (902) 794-2071, (902) 317-1297 (Leader). Ruth Anne Gillis (902) 794-4777 (Co-Leader).

This column is a bit shorter than usual, that's because I really don't have a lot of positive words to write in regards to the movie featured this week. When it comes to watching a film, there's nothing worse than getting all pumped up for a great one, and then seeing a dud-or a movie that fails to deliver, or meet your expectations. For me **"The Dead Don't Die"** was such a film. What first caught my attention, and generated

excitement about this flick was the line up of actors; Bill Murray, Adam Driver, Chloë Sevigny, Steve Buscemi, Tilda Swinton, Tom Waits, **Iggy Pop**, Danny Glover, Rosie Perez, **Carol Kane** and Selena Gomez—just to name a few. Alas, that excitement was in vain. Although Tilda Swinton's character does offer up an unexpected surprise

towards the end of the movie, and her character is pretty unusual to start. In a nutshell, the story line is basically about 2 small town cops who start to connect the dots on what soon unfolds as a nightmarish zombie apocalypse. The best parts in the whole film are the droll, deadpan lines Adam Driver's character delivers, and the recurring song "The Dead Don't Die" by Sturgill

**HEAD
DiE**

Simpson (who actually has a cameo in the movie as a guitar dragging zombie) that most of the characters love, but Bill Murray's hates it. I don't want to say this film is terrible-it's far from it, but writer/director Jim Jarmusch is known for quirky, underground films that are 'left of mainstream'. In this case, he made a

movie that's indeed quirky as hell-with a few good parts, but it also doesn't hold a candle in comparison to the movie "Zombieland", with a similar premise and a ton of star power actors as well. So there you have it-a slightly cautionary tale of a zombie apocalypse, and one of how not to waste a few hours.
