Unlike the conventional methods of rust proofing which tend to work as coating, a KROWN treatment actually displaces moisture and creeps into the inner metal fold of the vehicle - the areas where the most rust problems start. The KROWN formula remains active as an invisible barrier to repel moisture and salt and prevent it from re-entering the metal. The KROWN product can be applied in any season and weather.

NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

Gobblefest Celebrates 25 Years of Music in Cape Breton

For 25 years, Gobblefest has been the foundation for emerging and alternative music on Cape Breton Island. The annual Thanksgiving weekend festival has been integral to the growth of local music, with groups such as Sunfish, Slowcoaster, and Tom Fun Orchestra playing some of their earliest shows at the event, while exposing audiences to some of Canada's most important artists like The Weakerthans and Buck 65.

Cape Breton University's non-profit campus and community radio station Caper Radio presents Gobblefest 2019 from October 11 – 13 in Sydney. Established in 1993, Caper Radio has received artists development awards for their support and dedication to the local music scene and continually works to advance emerging music in the community. Gobblefest is the largest annual fundraiser for the station, which broadcasts at 107.3FM in the Cape Breton Regional Municipality and online at www.caperadio.ca.

Headlining Gobblefest 2019 will be award winning rock group The Motorleague from Moncton NB, Cape Breton Summertime Review's Jordan Musycsyn, and legendary electro-pop group Windom Earle.

EAT IN or TAKE OUT

www.kleeradio.com

Around this time 2 years
ago I wrote a review for Liam
Gallagher's first solo effort,
"As You Were", and loved
the album so much that I
picked it as the best album
of 2017-bar none; I still feel
that way, so when I heard
about this
year's follow-
up release
("Why Me?
Why Not") I
was onboard
immediately.
Of course,
everyone and
their dog
knows Liam
was the

frontman for the band
Oasis, and did put out 2
albums with his band Beady
Eye-but this is all Liam, and
it is a spectacular effort.
The album kicks off in high
gear with the jangly guitar
intro to "Shockwave"-and
it's Oasis all over again.
And speaking of Oasis, the
song "One Of Us" sounds
like Liam's open invitation
to brother Noel to pick up
the olive branch, and get
back to being part of the
duo that defined the 1990's
Brit sound. The most Oasis-
like song here is definitely
"The River", a number that
tells youth to wake up, grab
the system by the throat

and make it change. Liam,
and Oasis were always
known for anthem-like
numbers-and here it's "Be
Still" and "Halo" that rock
out with their (blank) out.
"Alright Now" and "Once"
really remind me of songs I
can imagine Paul
McCartney singing, ditto for
"Now That I've Found You"
(about Liam meeting his 20
year old daughter for the
first time).

Both are
great tracks.
"Gone" has
an almost
James Bond
theme-like
vibe to it,
and
"Meadow" is
as pastoral
as you'll
ever hear

Liam get-and again there's
a slight tinge of the Beatles
sound on this song. The
deluxe version of this
album includes some
amazing tracks; "Invisible
Sun" is a bombastic,
fantastic number,
"Misunderstood" and the
demo version of "Once"
are acoustic joys and the
song "Glimmer" sounds
like an intro song to a
1970's sitcom (but in a
really good way). I will
admit that I liked Liam's
last album a bit more than
this one-but one's first solo
album is always going to
be special. This is a great
follow-up though.
