Unlike the conventional methods of rust proofing which tend to work as coating, a KROWN treatment actually displaces moisture and creeps into the inner metal fold of the vehicle - the areas where the most rust problems start. The KROWN formula remains active as an invisible barrier to repel moisture and salt and prevent it from re-entering the metal. The KROWN product can be applied in any season and weather.

NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

TALKIN' TURKEY

One of the blessings, or curses, as they case may be, is to have a huge family that loves to play jokes on others. For young women who start dating these family boys, it can be intimidating to say the least.

This story is a typical example of how brotherly love can sometimes be a detriment. Cary married Darrel MacKeigan who had 5 brothers in his family. Cary and Darrel took a lot of good natured ribbing during their courtship with the brothers playing many tricks on them.

Finally, the big day came when they were married. Marshal, the oldest MacKeigan brother, was asked to make the toast to the bride. He actually made a very touching speech and the crowd gave polite applause. Darrell turned around to accept the compliments and a collective gasp came from the crowd.

When Cary looked up, there was Darrel with the rear end of his pants torn out and bowing to the crowd. This was the typical behaviour of the boys. However, they were very close and supportive of each other.

When Christmas time rolled around, Cary thought it might be a nice gesture to invite the family to a Christmas turkey dinner, the first the couple would have together. Cary outdid herself with the decorations, baking desserts and placemats for everybody. She took the turkey out to cool and went into the living room to announce that the meal would be served.

The boys had a different idea. Unknown to Cary, when she went out to make the dinner announcement, they stuffed a small Cornish game hen into the turkey. As was the tradition in the family, the oldest son would make the first cut for the carving of the turkey. Darrel stood up and made a small speech complimenting Cary on the wonderful meal.

Just as he started to carve, he paused and said, "Oh my, what is this?" and pulled out the hidden Cornish game hen. He looked at Cary and said, "Oh Cary, don't tell me you cooked a pregnant turkey?" Cary burst into tears and ran crying from the table.

The boy's mother was not too impressed and scolded the boys fiercely. She went to the bedroom and finally convinced Cary that turkeys were born from eggs and that the boys played a mean trick on her. When she came down, the boys were properly sorry. The meal continued and was a great success but to this day Cary still remembers the "pregnant turkey" joke each Christmas. It has now become a Christmas legend and the story is told each year to great laughter.

(the above story is one of 28 from the "Cape Breton Christmas Memories" book - on sale now - just in time for Christmas)

BIRTHDAY WISHES

Canadian Championship To Air On TSN Sports

Sharp axes, powerful saws, twelve of Canada's top Axe-Men. The STIHL TIMBERSPORTS Canadian Champions Trophy brought excitement to the Sydney Waterfront over the Canada Day weekend and now will be seen nationwide on TSN2 on October 29 and November 6 at 8PM AST.

As part of the Canada Day celebrations in the Cape Breton Regional Municipality, the STIHL TIMBERSPORTS Canadian Champions Trophy competition brought an exhilarating head to head elimination tournament featuring four of the six disciplines of STIHL TIMBERSPORTS. From the stock saw through the standing block chop, the competition tested the supreme stamina, endurance, and precision needed by these elite athletes to win the prestigious Canadian Champions Trophy, considered the "Masters Cup" of the sport and the most coveted event on the Canadian Tour.

The broadcasts on TSN2 will feature the finals of the tournament, which took place on July 1st at the Port of Sydney. In addition to Team Canada Axe-Men Stirling Hart of Vancouver BC and Marcel Depuis of Memramcook NB, the crowd of hundreds cheered on hometown competitor George Williams of River Denys, NS. Competitors set a furious pace, and the heats were closely contested through to the outstanding finals to crown the STIHL TIMBERSPORTS Canadian Champions Trophy.

FREE PUBLICITY - If your group or organization is sponsoring a community event and you'd like some **free publicity**, email us with your information and we'll publish it free for you - simply email us at this email address - thisweek@kleeradio.com

AROUND THE TOWN

Given what just happened in the federal election, and Halloween here tomorrow I thought it would be a good time for some other political horror; In 2013 "The Purge" was released to fanfare, and abject horror. In order to cut down on crime and overcrowding the American government sanctioned a 12-hour period, once a year, where every crime is legal. No Police, no hospital services, no punishment. The end result was economic growth-and a society largely free of homeless, sick and unemployed people as it's the poor, the minorities and the defenseless that were being killed, equaling lower welfare payments, hospital costs and crime rates. The movie was bone-chilling, yet fascinating. The rich and the middle-class locked themselves up for the night and let the "99%-ers" rip each other apart. The movie made well over 150 million dollars, so obviously a lot of people watched it. The next year "The Purge: Anarchy" was released, offering a story redemption when a group of freedom fighters (the government calls them terrorists) hacked into government media sources to denounce The Purge, and asked people not to take part in the violence. As night fell, and the violence ramped up it was discovered that the founding fathers sent out mercenaries to jack up the killings-they wanted more poor folk dead. The movie

ends as the sunrise shed a new light on the devastation-and the conspiracy by the rich. The third release in the franchise, "The Purge-Election Year", had perfect timing with the real American election campaign. It's no longer a secret that the founding fathers are raking in billions by eliminating the poor but senator Charlie Roan, a survivor of a family massacre that took place 18 years earlier during a purge, threatens their system. She wants to eliminate the purge and restore justice, equality and protection for all. The founding fathers decide to remove a law that prevents elected officials from being killed on purge night, hoping to gain points with the electorate. Their real aim is to kill the senator, keeping the status quo. Senator Roan wants nothing to do with violence, but unbeknownst to her a splinter group of supporters decide to assassinate the founding fathers on the purge night. So it's game-on for everyone. The movie has a real surprise ending. The newest release "The First Purge" is a prequel to the first "Purge" movie showing what started off as a social science experiment in Staten Island was really a population control device. People would receive five thousand dollars if they stayed in their homes during The Purge, and if they want to wear cameras to capture anything outside they will get more money. This film dovetails perfectly into the subsequent movies and is, like the other films, disturbing. So how's them scary tales for Halloween? Boo!
