Unlike the conventional methods of rust proofing which tend to work as coating, a KROWN treatment actually displaces moisture and creeps into the inner metal fold of the vehicle - the areas where the most rust problems start. The KROWN formula remains active as an invisible barrier to repel moisture and salt and prevent it from re-entering the metal. The KROWN product can be applied in any season and weather.

NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

RYAN ROZICKI DEFENDS WBC ON SATURDAY FEBRUARY 14TH

Three Lions Promotions proudly presents Ryan "The Bruiser" Rozicki (11-0-0, 11KOs) defending his WBC International Silver Cruiserweight Championship against Vladimir Reznicek (9-2-2, 4KOs) of Prague, Czech Republic, at the Centre 200 in Sydney, Nova Scotia. It will be Rozicki's first fight since suffering a broken orbital bone in his sensational, TKO2 victory over previously undefeated Khetag Pliev (5-1-0, 2KOs) in September.

"I'm healing up great," explained Rozicki. "The down time is frustrating, but re-injuring myself would be even worse. My body is my business, so I'm taking every precaution. I'm really excited to fight Vlad. He has already given up-and-comers like me a lot of problems. I like to be tested and learn new things. I can't wait to see what sort of adjustments I'll need to make for Vlad. Trust me, I'll do the fine tuning and give him everything I got, I do my homework on these fellas." challenger Vasil Ducar (8-2-1, 7KOs) for their national title.

Rozicki-Reznicek is the main event for "Valentine's Day Massacre." The undercard will include the debut of Josh Prince of Georges River, Nova Scotia, and undefeated Hamilton brothers Jesse (14-0-2, 9KOs) and Bradley (9-0-0, 4KOs) Wilcox.

At this special time of the year, please contribute to your local Food Drives for those families who cannot afford to feed their families - help make it a Merry Christmas this year

Continuing on with last week's holiday theme I offer another yuletide treat for your viewing pleasure; now some people who read the title of this movie might think it's about the shopping madness you'd experience on Black Friday, but it's actually from a film that raised the bar for fantasy films to come. Twenty-six years ago the world first laid its eyes on Tim Burton's epic masterpiece "The Nightmare Before Christmas", and to my best knowledge there's no other movie that combined the elements of Halloween with Christmas; if there was I doubt it was as groundbreaking and legendary as this film which has captivated generations of fans. The old-school stop-motion animation, use of atmospheric lighting and shadows, characters the likes of those never seen before, a great storyline and cool musical numbers all gelled to make for a Gothic-looking viewing experience that transcended time and space to take the viewer on a trip to an imaginary world like no other. In a nutshell, in the land of Holidays Jack Skellington (the Pumpkin King of Halloween Town) is bored with doing the 'same old same old' every Halloween. One day

Jack stumbles into Christmas Town, and is so captivated by the delights of Christmas that he tries to get all his bats, ghouls, goblins and freaks of Halloween Town to help him put on Christmas, instead of Halloween. Disasters and misfires abound, culminating with a plan to kidnap Santa Claus! People of all ages fell in love with the story, and Jack's love for the rag doll Sally. The irony of young people loving the

movie isn't lost on Disney Studios-who first thought the movie would be too dark and scary for its typical youthful audience. To

be honest, the film does look creepy as hell, and is filled with monsters, skeletons and other assorted freaks and beasts-all of which just grabbed our attention even more. As with most, if not all Disney productions, the merchandise marketing campaign created a tsunami of products-and all things Jack Skellington still seem to be everywhere. That's also a testament to the fans absolute love for this visually stunning creation, and the underlying love story that carried the movie along so well. "The Nightmare Before Christmas" has become part of the lexicon of great holiday movies-and is now 'must see' viewing before the Christmas season ends. Next week we'll go from spooky to downright scary-join us if you dare!
