VENDOR'S FALL FAIR

As we look around we can all see the colourful fall colours that surround us to tell us that fall is definitely here. With all the leaves coming down it's a never ending job of raking. So why not take a break from your fall duties and join us for a Vendors Fall Fair at the John J. Nugent Fire Hall here in Sydney Mines.

On Saturday, October 28th, St. Andrew's Presbyterian Church will be hosting a Vendor's Fall Fair at the Sydney Mines Fire Hall from 10 p.m. to 2 p.m.

"In April of this year St. Andrew's Stewardship Committee decided to try something new and did a Spring Fling" said Rita Johnston. "It was a great success and over a hundred people attended". "So when some of the vendors from the Spring Fling contacted me to ask if they could have another one in the fall, we decided to do it all over again."

We have a lot of Vendors attending our Fall Fair like Avon, Epicure, Voxlife, 5th Avenue Jewellery, Local Knitting, Sea glass Art, Tupperware and much, much more. Also the ladies of St. Andrew's will be busy baking up a storm for their Bake Table which will feature everything from cookies, loaves, cakes, tea biscuits and more.

Admission will be \$2 and you will receive a ballot to enter a draw for a basket of goodies composed of products from all of the vendors. We will also be serving complimentary tea and coffee that will warm you on a cold fall day.

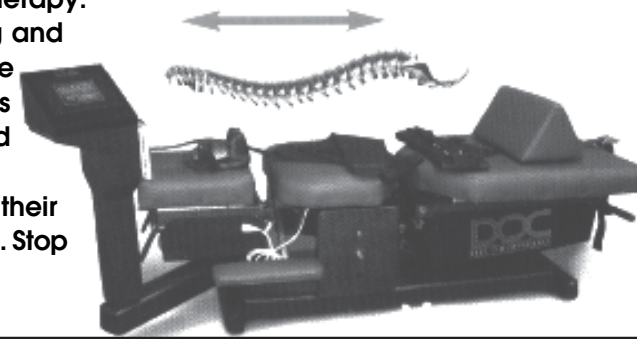

So give yourself a break and come and join us at the John J. Nugent Fire Hall in Sydney Mines for our **VENDOR'S FALL FAIR** on Saturday, October 28th, at 10 a.m. to 2 p.m. You will definitely find something you will like.

NEW DECOMPRESSION TABLE RELIEVES PAIN

Darren Strong from Strong Chiropractic, announces a new, sophisticated computerized decompression table that allows the spine to be gently stretched and relaxed for spinal decompression therapy.

The pattern of alternating pulling and relaxing creates vacuum-like pressure which allows disc material that was herniated or protruded to be pulled back in the disc over time.

Patients will notice a reduction of their pain during these treatment sessions. Stop in today and ask about the new table and how you can benefit.

The sessions will take place at the Northside Guest Home, 11 Queen Street, North Sydney, on Thursday October 19th at 7:00 pm.

Disc Golf Comes to the CBRM October 25th At Sydney's Rotary Park - Free To Play Public Course

The game of disc golf has experienced exponential growth over the last 10 years with over 1 million players in North America alone and over 50,000 courses. On Wednesday, October 25th the CBRM Recreation Department will unveil a new free to play public course, the first of it's kind in the area, at Rotary Park in Sydney. With the addition of the course, which shares space with the off leash dog park and leads into the Green Link Trail system, the site will become a multifaceted recreational area for residents and visitors of all ages.

Similar to the traditional game of golf, disc golf lends itself to many teachable principles from etiquette to trigonometry. It is also a game that is playable by individuals of varied athletic abilities, during all seasons, and for virtually no cost at all.

On Wednesday, October 25th, professional disc golfer and course designer Ben Smith will be on site to demonstrate proper throwing techniques, rules of the game, and give patrons the opportunity to play the course with a professional guide. Ben has designed 12 permanent courses in the Maritimes over the last 10 year and is the top ranked disc golfer in Nova Scotia.

"We are really excited to be able to offer another fun free healthy activity to the patrons of the CBRM", says CBRM Recreation Program Coordinator Jonathan Penny. "The site is perfect for disc golf; it is owned and operated by the municipality making it feasible to offer the opportunity to play at no charge. Being on a bus route, and with our soon to be implemented disc golf equipment loan program, it should remove any barriers and make the sport accessible for anyone in the area to play. We are very lucky to have a professional like Ben consult and be part of the whole process, including our course opening."

The opening of the course will take place on Wednesday, October 25th, with public sessions from 9:30 am - 1:30 pm. Official opening will take place at 11am. Restrooms are not available on site, and patrons are encouraged to dress for the weather.

BROOKS LOOP FUN RUN - On Saturday October 21st, 2017 runners are invited to attend the first ever Brooks Loop Fun Run. The run will take place on Saturday October 21st, 2017. Registration for the race will take place at 9:00 am at the Membertou Health and Wellness Centre 95 Maillard St, Membertou. The run starts at 10:00 am, and will be free of charge.

The Brooks Loop network of trails is an initiative of the Baille Ard Recreation Association, Membertou, CBRM Active Transportation, and Heart and Stroke Walk About. For more information contact David Gabriel (902) 565-6171 or visit: bailleadnaturetrails.com/on-the-trails

The movie and trivia will take place at the John J. Nugent Fire Hall in Sydney Mines, Friday, October 20th - 5:30 - 10:00

BY
**PAUL
POWER**

Marilyn Manson – "Heaven Upside Down" - I'm sure that some evangelical end-of-the-world'ers will look at what's going on around the globe lately and say that the last harbinger of the coming apocalypse is the fact that Marilyn Manson just released a new album. I've read a lot of things written over the years about Brian Warner (his real name) including his autobiography and there's no denying the fact that Marilyn Manson is shocking, dark, visceral and incredibly controversial. However, to let that stand in the way of listening to this album would be a shame because this is Marilyn Manson's most accessible album ever; there are times when the songs are more like mainstream industrial rock-but don't be fooled by that-there are no kitten or cuddly puppy songs on this album, it is not warm and fuzzy. It is a politically-charged, angry, aggressive and visceral collection that goes for the auditory throat.

The album starts off with the song "Revelation #12", as Marilyn and his band burn through this introduction to what is to follow-and that journey is not for the faint of heart. "We Know Where You (expletive) Live" was the first single released, and even Manson said that he was surprised the record label released it because of the controversial lyrics that touch on drone warfare, global

surveillance and political corruption. It is raw and edgy.

There's a clever play on words for the name of one song here; "Say10", which has a droning 1980's-like synth intro and deepy atmospheric whisper-like vocals by Marilyn, as he ushers in this deep, dark and disturbing opus. FYI-the music video features Johnny Depp. That twisted take on religion (or lack thereof) continues on "Je\$u\$ Cri\$i\$" and "Heaven Upside Down" (of which Marilyn Manson said it was up to the listener to decide what it means) all push the envelope, and challenge the listener into a forced realization of just how clever Marilyn Manson really is, and how d a n g e r o u s l y intelligent as well. Musically the track "Blood Honey" really sounds like a Linkin Park song-that is if Linkin Park were recording during a

halloween-induced nightmare. Marilyn and his band go even deeper on the hard driving song "Saturnalia", which touches on the loss of a loved one (his father), astrology and mythology.

The album closes off with the track "Threats Of Romance" and on this one it's easy to imagine Alice Cooper singing this song. I would not be surprised at all to hear this number on some of the more progressive/current rock radio stations in Canada. It really is a surprise to hear something this close to 'normal' from Marilyn Manson.

They say that there's a fine line between genius and insanity, and as impressed and intrigued as I was before with the monster Brian Warner created (or became), this album shines a new light on Marilyn Manson-even if it that light has a blood red hue to it.
